

Property Owners Plan Appeal on Zoning Decree

BINGHAM FARMS—An appeal has been filed with the state supreme court by attorney Harry Dell of Royal Oak to get the zoning of several lots on Telegraph Road changed to commercial.

A decree with Circuit Court Judge William J. H. DeLoach upholding present residential zoning was entered Nov. 19. The appeal was filed the following week by Dell, representing the property owners.

A transcript is being prepared and a hearing may be held in April. The property owners are Andrew G. Gundersen and his wife, Crystal B. Gundersen; R. Robert Dale; Gertrude Nepper, Martin L. Friedenberg and Edward S. Friedenberg.

knowledge of or interest in the case. Quite the reverse is true. Rouge Manor Subdivision residents canvassed the residents of neighboring areas with carefully prepared petitions.

I myself was one of six persons who know of who were given specific areas to canvass, and I am sure that there were many more engaged in a serious house-to-house campaign, painstakingly done.

A newspaper of the caliber of The Eccentric having no doubt, is quick to spot this particular piece of so-called 'shaded reporting' there it goes to press, thus serving what I would choose to call an even-integrity.

Junior Chamber Draws Praise for Yule Decorations

To the Editor: I feel that too much cannot be said in praise of the Junior Chamber of Commerce for taking the initiative in decorating our town this Christmas season.

The small white lights on the Little League Linden are just enough to make it a veritable fairyland.

And in the picture of Mr. Robert Taylor in the paper, I think one could fairly feel that although it was a task, he and his co-workers were enjoying every minute of it.

The Junior Chamber of Commerce has done much in the past to make our town beautiful and this is just another little thing in their favor.

Article Termed Biased Reporting

To the Editor: I protest what I believe to be biased, slanted reporting by one of your reporters.

In an article appearing at Bloomfield Township office for the rezoning from a combination bar, restaurant and motel—see article, Mr. Robert Hague, president of the Rouge Manor Association, presented a petition of 1,000 names solicited from the neighborhood.

MR. HAGUE explicitly pointed out that at the first initial solicitations were made from homeowners within a mile radius of the area under consideration.

Space Research May Stimulate State Economy

The space age research being done by Michigan State University has the potential for further stimulating Michigan's economy, according to a member of MSU's research development staff.

Experience in research, a rapidly growing graduate program, emphasis on basic studies and time-tested programs for bringing different sciences together qualify MSU for important projects, Dr.

HE SAID significant research activities now underway at MSU include: Purchase of a giant computer in the spring of 1963 which will be second to none in the United States.

Establishment of a cyclotron of unique efficiency.

Medical research, including work on cancer-inhibiting agents.

Establishment of a research apartment in the rapidly growing field of biophysics.

Several extensive projects in different sciences together qualify MSU for important projects, Dr.

How are you? This is what I want for Christmas, a Drinker Walker, Train case, Diaper bag set, Betty McCall, Fashion Designer, Flash cards, Divisioning, Subtracting, Multiplying, and a cotic game. Lots of love kisses. P.S. I am eight years old.

HOLLY BOTHFIELD

I want first of all blocks—the kind like little red bricks and some more plain blocks so I can build big buildings. I would like some amp truck, a steam shod and sand loader, a tool set, bathrobe and slippers and a high gas station.

I will have cookies and any kind of tea or milk you want for you on Christmas Eve. This is all I want. I've been a very good boy this year. Thank you.

Love and kisses, Tommy Hagopian (age 4)
