Contemporary Storage Units Interlock

Here's a different concept in modern furniture design. These 30-inch and 36-inch units can be double-decked or triple-decked for maximum storage and space utilization. An "interlock" wedge holds the units in place until you're ready to rearrange them. There's a wide range of cabinet styles and sizes including drop-leaf tables and desks, open shelves for books and displays, chests of drawers and full-length clothes storage units. The walnut has an oiled finish, accented with brass collar buttons for drawer pulls. The units may be seen at the Stewart-Glenn Co., Telegraph near Square Lake Road, Bloomfield Township.
