### Happy New Year

... To the not so young lady who popped in on us at 4:30 A.M. the morning of our Marathon Sale just to see if we were really open;

... to Mr. Singer at the Delicatessen next door who posted a sign "Do not eat until we open" in September and starved us out until December;

... to Paul Gariepy, our drycleaning neighbor to the West, who hoses his sidewalks bright and early every summer morning, and is so neat and tidy that he can't resist doing our sidewalks too;

... to the G.E. Serviceman who showed up at our customer's home while she was still talking on the phone to G.E. Service Dispatch (the servicemen are radio dispatched);

... to the customer who was kind enough not to notice when an "unbreakable" filter pan smashed into smithereens during a demonstration of its unbreakability;

... to the many nice customers who have so kindly remarked how much they like our new store, and to Bill Wieland who picked out just the right colors and things to prompt such remarks;

... to the elderly gentleman who was all ready to pay us list price for a refrigerator until we informed him that it just isn't done anymore;

... to our canine friend who sunk his little teeth into our washer repair man's leg while the lady of the house was telling him to "Come on in, the dog won't bite!";

... to the alert resident behind our store who heard the glass shatter and called the Birmingham Police when he saw four busy burglars handing phonographs out through our back door;

... to all our customers—this year, in past years, and in the years to come, Happy New Year and all the best... we love you.
