why live in an "INDOOR DESERT?"

just Dial the Proper Humidity for more healthful, comfortable living

Dry, stale, artificial heat robs the air of its natural moisture—inviting respiratory diseases...reducing comfort...drying out and damaging furniture and furnishings. This lost moisture must be replaced. Here's how: Aprilaire Humidifiers—high capacity units...automatic...with accurate, positive humidistat control provide and maintain the relative humidity that's better for your family's health and comfort. Realtors Max Brook Announce New Officers

Birmingham Realtors Max Brook, Inc. Monday announced newly elected officers of the corporation.

Re-elected are F. M. Brook, chairman, and Frederic C. Pew, president.

Newly elected officers are G. Gordon Walker, executive vice president; Rudolph F. Ranke, vice president and treasurer; Earl W. Perschke, vice president; Margaret E. B. De Nador, secretary; John Drake, controller; and Vern Ward, insurance department manager.

All Birmingham area residents, the new officers have been with the firm for several years.

BROOK AND PEW have been recognized leaders in suburban real estate since 1935. Ranke, Ferretius and Mrs. De Nador have had outstanding records in the sale of suburban real estate since 1950. Drake has managed the firm's accounting, escrow and property management departments.

According to Pew, who announced the executive appointments, the directors of the firm decided that an enlarged executive group would better serve the increased volume of business occasioned by the population growth of the Birmingham-Bloomfield area and adjoining Oakland County areas.

Pew said business volume and the number of homes sold at the Brook organization have increased annually. He said the firm's gross has grown from three million dollars worth of real estate in 1955 to almost seven million dollars worth in 1961.

THE LOCAL FIRM established its first branch office in the Birmingham-Bloomfield area in 1957 and has since been responsible for a major share of the land development and general brokerage real estate business transacted here since 1955. It is entering its 67th year of real estate service to Detroit and the expanding metropolitan area.

Rudigate and Indianapolis are the most recent of the firm's residential developments, and a new 66-site project, Overbrook, is now being readied for sale in the West Long Lake-Lahser Road area.
