

Candidates Still Filing For Franklin Offices

FRANKLIN—With Feb. 24 at 4 p.m. the deadline for filing candidates' petitions for the March 12 general election, there is every indication voters will have a broad choice of names from which to choose village officials.

Six have already filed for the four council openings. With incumbent Richard O. Herschler, incumbent to fill a vacancy left by Eugene Kelly are Mrs. Stephen Gidley, 27185 Scott; Robert Louise Willard F. Chapman, 31220 LaAnderson, 26401 Tweed Drive; cernie, as a running mate for the

assessor's office.

VILLAGE CLERK Mrs. Oliver Garwood, 26920 Balm Drive, is the lone contender for Tuesday for the post she has held for three years.

Although no names had been filed for office of village president by Tuesday, it appears Calvert Thomas, 31275 Franklin Road, has been prevailed upon to run again. Thomas had publicly announced his desire to retire earlier, but consented to have petitions circulated for him. Thomas served on the

council for a year before his election to the presidency last March.

SEVERAL OTHER petitions were brought in for council posts but were momentarily disqualified because of invalid signatures. Only registered voters can sign nomination petitions.

The village offices on Franklin road will be open until 4 p.m. Saturday to receive additional petitions. Candidates must appear before noon Monday to sign petitions before their names will appear on the ballot.

Skating Club Convenes At Beverly Hills Home

BEVERLY HILLS—Members of the Beverly Hills Skating Club have kept in top form this year with the cold weather providing so many good skating days.

Fifteen couples had cocktails at the C. A. Hall home on Kennaway Court Friday, before going on to the Eton rink. After skating the group returned to the Hall home for snacks and to warm up.

Assisting the hosts were Mrs. Ted Sara and Mrs. Don Hayes.

Sunday will be the club's annual family and guest night at Eton when the members will bring their children and friends for an outing.

Mrs. Perry E. Brunk of Kennaway Court will view a different kind of winter event when she flies to Peasham, Vt., next week to visit her daughter Ruth, a student at Peasham Junior Academy.

An ice carnival will be in full swing there with many exciting events and beautiful floats.

The Harry F. Days are back home after their recent trip to Europe which they made especially to see their new grandson Steven Michael and their daughter and son-in-law, Mr. and Mrs. Donald Huber who are stationed in Germany.

After the baby was christened, the Days went on to Chamonia, a small town in the French Alps where the winter Olympics are being staged long enough for Mr. Day to try out the ski runs.

Mrs. Day said that skiing is really a national sport there with the children even taking their skis to school almost as an American kid takes his bus and lunch.

The Days also stayed a few days in Rome and visited the Vatican with Birmingham friends Mr. and Mrs. Paul Harty.

Mrs. Henry Sempowski of Riverside Drive was hostess Feb. 6 when she gave a baby shower in honor of Mrs. Thomas F. White. Twenty-five guests attended. The children played games and helped Mrs. White open her gifts.

SOUTH BERKSHIRES—Recently Mrs. A. Light of 18 Mile Court had her sister Mrs. C. C. Hagan from Kenmore, N. Y., as houseguest. They both had a crowded schedule attending "No Strings" at the Fisher, several bridges and being entertained by neighbors Mrs. L. Branford for luncheon.

One of the many families who have trekked to the north to try the ski slopes are the Dallas Springties and their two sons, Doug, 12, and Eric, 7, who spent the first part of last week at a lodge near Boyne Mt.

The John C. Seccrests of Leomar also spent three days skiing at Boyne Mt. with the Robert Orrs and Richard Lindgrens.

Mrs. Eugene Lasko of Buttonwood Court honored two of her new neighbors, Mrs. Helen Sandling and Mrs. John Parkas, with a coffee hour last Wednesday.

Attending were Mrs. Richard Priebe, Mrs. Frank Pelletto, Mrs. Fishon Murdani, Mrs. Robert Gladfelter, Mrs. Joseph Lokar, Mrs. Carlson and Mrs. Stanley Sulewski.

Mrs. Robert Gladfelter of Coryell Drive set up two tables for bridge Feb. 13 when she invited the group as part of a telephone party for the benefit of St. Bede's sanctuary society.

Included were Wanda Nead, Dorothy Sprinkle, Marge Rader, Anna-Mae Ambli, Marge White, Ann Young and Nancy Canham.

VALLEY WOODS—The W. L. Christensen of Kennaway Circle and their three children, Paul, Ann-Marie and Mark spent a few days at the hide-away on Otego Lake to enjoy some skiing.

The first morning they received quite a shower when they found that during the night the temperature had dropped to 35 degrees below zero. Undaunted they headed for Mt. Frederick and with a few extra trips to the lodge for warm-up periods, had a good day.

The Keith Blakes were staying at Hidden Valley and stopped in on the Christmas for a visit. The children insisted they leave all the other holiday weekend if the weather stays cold.

FEBRUARY FACTORS*

(*Factors are circumstances, elements, etc. which produce results)

- INDOOR BLOOMS** are a double dividend deriving from thoughtful (and probably needed) pruning of shrubs and trees at this time.
- Cuttings from forsythias, apples, ornamental quinces, etc., may easily be made to bloom indoors. Lilacs and pussywillows also are productive. Put them in the laundry tub for a few days. Keep them submerged (if any ends stick out of the water spray them twice a day). An old still or watering trough can be substituted for the tub.
- RABBIT DAMAGE** can be ruinous at this time to smaller and new trees and shrubs. If they are protected with TREE WRAP, RABBIT REPELLANT, OR HARDWARE CLOTH you will be much more pleased with your last year's investment in planning, money and labor.
- TOOLS & EQUIPMENT**—Please don't bring them to us in April, May and June for sharpening and refurbishing. DO IT NOW when we have the time, need the work and can use the money—well, we don't charge enough to consider the latter item.
- FERTILIZE THE LAWN.**
Why? Well, here are the advantages of doing it now.
 - It is an April job completed and out of the way before the golf course opens.
 - No burning of grass will occur with the poorest applicator or applicator.
 - Perfect distribution can be made if there is a little snow on the ground.
 - Little or none of the material will be lost by washing away.
 - The food will be available to the grass plants the MOMENT THEY NEED IT—not when you get ready to give it to them a month or so later.
 - If you use 10-6-4 at the rate of 20 lbs. to 1,000 sq. ft. you will be taking the first of three essential applications which, with thoughtful attention to other elements of lawn development and maintenance, will give you an excellent lawn at lower cost and with more freedom for pitching golf, chipping horseshoes, sinking boats and cloberbing bridges.
- HOUSE PLANTS.** They are just tired of being shut up indoors through the winter as you would be. They may be troubled by aphids, mealy, etc., animals we hope do not bother you personally.
- Dunk plants in a soapy solution (DO NOT USE DE-TERGENTS) for aphids—use MALATHION for the other bugs but DO IT ON THE PORCH OR OUTDOORS.
- REPOTTING** if needed can best be done this month—especially for those showing signs of growth. Use a pot 1" larger.
- YOU** are probably the most important factor in this interesting and challenging field of horticulture. Are you sure of your facts? O.K. Get busy.
