People's Column People's Goodwill Effective Defense Of Panama Canal

To the Editor:

Panama has broken off with Cuba, according to a recent news article. Our Administration should acclaim their action quietly but in a substantial way. Where else abroad have we more at stake?

Since American tax money is spent abroad to wean nations away from Communism, why not concentrate on Panama?

Fill the modest pay envelopes of a thousand Panamanian road-building laborers and extend supplementary help to native teachers. Each dollar so spent will return a hundred times increased. This will be much cheaper than paying tolls on the Canal when Soviet Russia or Cuba takes it over—even even defending it.

The goodwill of the citizens of the Republic of Panama or the 51st State of Panama will be the most effective defense of the Panama Canal.

People's Column Offers Suggestion On Publishing of City Ordinances

To the Editor:

Re: Proposed Charter Amendment by the City of Birmingham.

After reading your editorial on the subject I, too, feel that city ordinances should be published in the local newspaper where all citizens have at least the opportunity to read said ordinances.

In your editorial you stated that "publishing city ordinances provides only a small amount of our income."

Since the amount is large enough in the eyes of the city commission to warrant a charter amendment and small enough in the eyes of The Birmingham Eccentric not to matter too much in their advertising columns, why not keep the charter provision as it is now and let the newspaper, which is "the best medium for informing the public," offer to print said ordinances free of charge as a public service?

RESULT: CITY ordinances would be printed where all citizens would have the opportunity to read them, the city of Birmingham would save its taxpayers' money and The Birmingham Eccentric would be given a great public service for all Birmingham residents.

And—I should imagine that such a contribution by The Birmingham Eccentric would be tax deductible.

Motor Trend Magazine makes it official:

1962 car of the year!

From the very first we knew we had a winner. Happy owners, car enthusiasts raved about the 1962 Buick Special with the history-making Fireball V-6 engine. Now the editors of Motor Trend — one of the country's top car magazines — have made it official. After road-testing and evaluating all U.S. cars, they've named the V-6 Special "Car of the Year!" Here's how they put it . . .

"Motor Trend's CAR OF THE YEAR AWARD to the 1962 Buick for pure progress in design, origination engineering excellence, and the power concept for the future expressed in America's only V-6 automobile engine."

Why are the car experts so hot on this exclusive Buick engine? Only a V-6 can combine the extra vigor and smoothness of V-design with the gas savings of a straight six. This 135 H.P. V-6 weighs up to 140 pounds less than other sixes of comparable power. It sips regular gas ever so sparingly.

But why go on? Ask your Buick dealer to let you drive a V-6 Buick Special. There are five beautiful models, including a fabulous new convertible. Drop in soon and see how easy it is to make the "Car of the Year" your very own.
