

Local Zontas To Take Off For the South

The week of July 9 will find Dorothy McLachlan, Hazel Welsh and Eleanor Choje in New Orleans attending the biennial convention of Zonta International, executive women's service organization. Miss McLachlan, president of the local Zonta Club will serve as official delegate, and Mrs. Welsh as alternate for the Zonta Club of Birmingham-Bloomfield Hills.

In addition to participating in official business to be transacted, the local Zontians are looking forward to meeting interesting leaders from all parts of the world, because most of the 19 countries in which there are Zonta Clubs are scheduled to be represented among the expected 1500 in attendance. Special interest centers on Zonta's newest country, Japan, where the Zonta Club of Tokyo was chartered in April.

AS A MEMBER of Zonta's board of directors, Mrs. Lila Watts, District Governor, will be in New Orleans for at least 10 days attending meetings of the board before and after the convention proper.

A highlight of the convention program will be an address by Dr. Virginia L. Sanders, professor of psychology and coordinator of the Minnesota Plan (for women's continuing education) at the University of Minnesota.

A focal point of Thursday, which will be dedicated entirely to Zonta's service activities, will be the announcement of this year's winners of Zonta's Amelia Earhart scholarships. Annually \$2500 grants are awarded, in memory of Zonta's great aviation member, to qualified young women for graduate work in aeronautical sciences.

At the banquet on July 12, new officers, to be elected earlier, will be installed, and President Ellen Harris of Vancouver, B. C., who will preside throughout the convention, will relinquish the gavel to her successor.

BIRMINGHAM FARMS—Ten village signs will need complete replacing, Street Commissioner Donald A. Johnston Jr. told the council last week. Present signs are being repaired and new signs will cost approximately \$20 each.

Village road shoulders will be cleared of undergrowth to permit better drainage, Johnston also reported.

He raised a question regarding the \$1000 being held in escrow for the Bristol Road area.

No petitions have been received by the village so far for hard-surfacing and the creation of a special assessment district. If the residents do not file petitions as anticipated, these funds may be used to cover the cost of current maintenance.

15 YEARS AGO

Getting a new paint job on your car for free is no easy job these days, barring getting out and doing it yourself. But Birminghamite Mrs. Verne Levesque accomplished it without being the least bit aware of it. Going to work one morning, Mrs. Levesque, a driver for the Greyhound suburban buses, parked her coupe directly in front of another car of the same vintage, but a four-door style. Coming home tired that evening, she found the four-door still there, but her little coupe gone.

Seems that the people who owned the four-door had ordered a garage attendant to pick up their auto, bump it out, and give it a complete paint job, at the same time giving him the key and apparently forgetting all about it. By the time Mrs. Levesque located her car with the aid of the local gendarmier, the paint job well underway. Joke in the situation is that the key for the four-door fitted her little coupe perfectly. That little joker, however, is responsible for a nice new paint job she's getting at the garage's expense.
