FEBRUARY 27 was the occasion of the last of the Hamantzie winter series on music. Dr. Malm, Assistant Professor of Music Literature of the University of Michigan, spoke to the assembled seniors on the music of Japan. Drawing from a wide fund of first hand knowledge of the Japanese culture, Dr. Malm presented a fast-moving eighty minute synopsis of the evolution of Japanese music from its origination from Chinese music in the sixth century to the present day. There was a highly favorable reception of his lecture, which Dr. Malm presented with demonstrations on many of the instruments of the Japanese as well as several recorded examples.

JUST TWO WEEKS remain in the winter term, and already the changing of the sports schedule this week to track, baseball, and tennis indicate to all the Cranbrook students that spring is not far off.
