 raised our nation's standard of living to new heights.
 "More goods are available to more people, and more and more jobs have been created for more people. Education's job in this era," Townsend added, "is to provide a student with tools in order to shape for himself a career, or a whole series of careers, in a rapidly changing world."
 "When we strengthen our educational system we strengthen the very heart of our country, thus giving us all opportunity to change and grow with the space age in a few years ago the headline 'Glen Orbis' would not have been easily understood by the majority of the American public.
 "Yet today we really can't read a newspaper intelligently without having such words as orbit, inertial guidance and telemetry as part of our vocabulary," Townsend pointed out.

TOWNSEND ALSO said Col. Glenn's successful flight demonstrated as nothing else could have done that "ours is an open society with enough confidence in its strength to let the world see its failures as well as its successes."

Beverly Couple Takes Trip Around World

VALLEY WOODS—Around the world in seven weeks does not seem a wonderful trip just completed by Mr. and Mrs. Gerald Joynt of woodland Drive.
 "Containing a business and pleasure jaunt the couple's first stop-over leaving home was in San Francisco where they visited their daughter Marie. Going on to Honolulu by jet they stopped in New Zealand, then flew to the Fiji Islands.
 "Many teen-agers might envy them the time spent on one leg of their journey when they found two of their fellow passengers on the plane were Chubby Checkers and Bobby Rydell who soon had everyone doing the twist.
 "The program consisted of a talk by Mr. Bernhard Haug and Mr. William Zabriski, who spoke on "Introduction to Spring" and gave tips on garden planning and culture. Co-hostesses were Mrs. Edman Crabtree, Mrs. Albert Gattward, Mrs. Lewis P. Demoss and Mrs. Norman Jansse.
 "After spending three weeks in Pompano Beach, Fla., where she enjoyed a bit of golfing, Mrs. Charles Fangel of Eastlady Drive returned home just in time to help her husband prepare for his vacation, a hunting safari in Africa.
 "Fangel left March 2 with five other men from the Metropolitan airport and expects to be gone three weeks. He sent word that the party had arrived safely in Johannesburg, in the Sudan, by French Airline via Paris and Rome.
