### Fashion Show Beckons To Residents, Spring

FRANKLIN—All the intriguing messages that have come from "The Gigantic Scheme" in past weeks are beginning to reveal carefully made plans for a gala gala on April 7. The fresher-than-springtime event is PTA sponsored and under the direction of co-conspirators Mrs. Richard Barnard and Fred Hirschman, who managed to keep the new season upmost in their minds as they plotted through the grim late winter months. Duets, king-sized, will admit genteel folk to an afternoon of pleasure. Transportation to the school from the church parking lot will be provided by elegant horse-drawn surreys loaned by Dr. John Burger. Spring fashions from local and Birmingham shops will be modeled by children, mothers and teachers of Franklin, with Mrs. James Gunn as commentator. In a mellow Victorian manner, a pastel topiary tree lined avenue will be created to romenade the lovely garments arranged for by Mrs. Philip Detwiler and Mrs. Richard Kern. Mrs. Carl Rasmussen promise fresh flowers will adorn quaint stalls along the way. The burnished glow of family silver will enhance refreshment tables presided over by Mrs. Walter Bohne and Mrs. John Donaldson.

Wondering who will replace the popular Frank Young's in the big red brick home on Franklin Road, residents should be consoled by the knowledge that Mrs. Barbara Griffin has purchased the place and hopes to find occupants with Young-type characteristics. Moreover, she'll wait until she does. A last fling for the whole Robert Hampson family took them to Otsego last weekend. And, though the snow was wet, heavy and fast it was worth the effort. The Franklin library will hold its annual meeting and election of officers on April 11. Many new ideas are being proposed for the unique little library, they're hoping everyone in the community will plan to come. Nice to see after several months was Larry Huffman of Scenic Home for the weekend from studies at Bullis; he brought several friends to show off the home-town. Cub Pack 1011 met March 15 at the Franklin school to see a demonstration in scouting skills put on by scouts from Troop 1011. Mrs. Arch Hoyt of 13 Mile Road is due home Sunday from a trip abroad. She managed to have one whole day in London with her husband, after which he went on to Geneva and she to Florence. This week she is in Scotland and should have a proper visit with her globe-girdling mother, providing the scenic traveler returns in time from a trip to S. America. It's tight-ball on the Franklin school playground these days as construction crews begin to move in to start work on the six classroom addition. The Win Conrads of Scenic have been partying in New York to announce the engagement of daughter Sara to W. W. Blunt of Seaside.

There's a special joy to spring after a busy, hectic few weeks at the Harlow Bates home on 13 Mile Road. First there was packing Grandmother Alice Allen off for an extended holiday in Hawaii. Then a hustle to ready things for a visit from a dear friend, Mrs. Mariya Davison of Atlanta, Ga. The usual round of entertaining and her farewell last week. Now a quiet time to get caught up and maybe read a book. Spanish and French classes will begin a second ten-week session for children of Franklin school on March 26. Enough budding linguists were interested to continue the after school sessions to warrant continuing the program, reports Mrs. John Sharp.

Mr. and Mrs. Thomas Barnes returned last Wednesday from four golden weeks in Florida. They spent most of the time in and around St. Augustine and Hollywood.

Home from the sunny-south also are Mr. and Mrs. Donald K. Tyler who spent three weeks in Mexico.
