Wives of DIT Trustees Plan Benefit Starring Rise Stevens

The wives of the trustees of the Detroit Institute of Technology met for luncheon at the Birmingham Country Club April 18 in a planning session for the D.I.T. benefit performance of the Detroit Symphony Orchestra, May 19.

The committee discussed the many activities and problems involved in successfully carrying out this program for the benefit of the D.I.T. Scholarship and Library Fund.

Wives of D.I.T. trustees from the Birmingham area who attended the organizational luncheon meeting included Mrs. A. Frye Ayres, 672 Puritan; Mrs. B. A. Chapman, 1920 Riverside Drive and Mrs. George A. Porter, 26 Warrington, Bloomfield Hills.

Those from the Detroit area were Mrs. Raymond L. Miller and Mrs. Ernest P. Lamb.

OTHER MEMBERS of the committee from the Birmingham area included Mrs. Raymond F. Giffels, Mrs. Percy K. Lund and Mrs. Thomas H. Kilgore, all of Bloomfield Hills; Mrs. Guy's Pennington, Lathrup Village, and Mrs. Wesley L. Mueller, Farmington.

"Since this concert benefit will be the first such program undertaken by an institution of higher learning in the Detroit area, we are planning an outstanding program and hoping for a major success," the committee said.

(Rise Stevens), internationally famous concert artist of stage,

screen, radio and television, will be the guest soloist for the concert at Ford Auditorium.

Gregory Miller, conductor of the Kalamazoo Symphony who has been guest conductor of the New York Philharmonic nearly a dozen times in the absence of Leonard Bernstein, will conduct the Detroit Symphony in the benefit concert.

The concert program is now being planned by Miss Stevens and Mr. Miller.

The 71-year-old Detroit Institute of Technology currently has an enrollment of 2,200 students in three colleges, Arts and Sciences, Business Administration and Engineering. Its board of trustees represent civic, business and professional leadership.

Senior Ladies Mix Laughter and Work

Anyone dropping by the Birmingham Community House on a Friday morning will find it busier than a beehive in clover. But the buzz of conversation and laughter seeping under the door of the Senior Ladies Workshop merely backdrop a most important project and one of which the sixty participating members can be justly proud—the making of cancer dresses for distribution by the Michigan Cancer Foundation.

ing collected go now straight to the workshop instead of to the collection center at Michigan Cancer Foundation headquarters.

LIKE MANY SIMILAR groups throughout Michigan, these women are fulfilling a present need which they hope the near future can eliminate—with the coming of cancer. Knowing that education is the most effective weapon for fighting any disease, the Michigan Cancer Foundation is showing vastly informative cancer-fact films in all the theaters this month. At the Birmingham Theater this afternoon, May 3, at 2:30 p.m., two films are being shown free of charge: "Out of the Shadows" and "Breath of Fresh Air," a sensitively produced film about breast cancer. All area women are cordially invited to attend.
