Unlike Metals

Unlike Metals

Q. I recountly had several teeth filled and now I coult close my month without getting a sharp, spark-like pain in the filled tooth. What's the answer?

A. When two unlike metal fillings such as gold inlay and amalgam come in contact, an electrical state of the metal fillings will soon become electrically "caulters" become electrically "caulters" to speak, and you will have no more trouble.

Measured by fast relief from pain or swift recovery from ill-ness — prescribed medicine is priceless. Measured by our reasonable prices, prescribed medicine is the biggest "bar-gain" money can buy.

Franklyn in Franklin

Franklyn has come to Franklin. Well-known Detroit hair-dresser. Franklyn McKindles, has spent nine months remodeling a former carriage house and stable (later a honeymoon cottage) into a charming salon and houtique. A resident of Southfield, he and Mrs. "Franklyn" have incorporated their priceless collection of early American antiques into a show place and beauty shop on Franklin read in the heart of the village. By adding a sprawling old-fashioned porch and the ingenious use of gas-light period accessories, all very authentic, they have engendeerd all the "atmosphere" that the quaint old town could ever hone for.
