

PERTINENT PARTICULARS

- We have just completed our inventory and realize that you have not bought enough.
- Here, that is!
- The "Mulchers" are busy again—WAY in advance of the proper time. Mulch for perennial beds, evergreens, etc., should be applied **AFTER THE GROUND IS FROZEN SOLID.** (MULCH IS APPLIED TO PREVENT DAMAGE TO PLANTS DURING THE ALTERNATE THAWING & FREEZING IN FEBRUARY AND MARCH.)
- EVERGREENS (NEEDLE TREES, RHODODENDRON, etc.) SHOULD BE KEPT WELL WATERED UNTIL THE GROUND FREEZES SOLID. THEN COVER THE GROUND WITH MARSH HAY, PEAT MOSS, BUCKWHEAT HULLS, STRAW OR TERRALITE ROSE MULCH. IT JUST SO HAPPENS WE CARRY ALL OF THESE THINGS.
- ROSES CAN BE BEAUTIFULLY PROTECTED WITH ROSE MULCH OR BUCKWHEAT HULLS. IF YOU USE PLASTIC ROSE COLLARS—6 FOR 90c. (LARGER COLLARS ARE AVAILABLE HERE FOR NEWLY PLANTED SHRUBS.)
- Demonstration-lectures on planning and making CHRISTMAS DECORATIONS will be given on OUR PATIO on SATURDAYS, Dec. 1st & 8th.
- (a) Don't forget the second dried arrangement workshop on November 10. See ad on page 2, Sec. CC.
- Take your hose and sprinklers inside before they freeze and burst. (Leave a bit of hose out in order to accomplish No. 4.)
- TULIPS, DAFFODILS and other BULBS should be planted now if you wait until the ground is FROZEN. WE CAN PROVIDE A PICK AX AT MANY DOLLARS. OUR ASSORTMENT STILL HAS MANY VARIETIES—but not too many of each. When you plant them be sure to use a bit of BONE MEAL under them.
- PAPERWHITE NARCISSI make a wonderful present for anyone—friends, your own home, "shut-ins." They are easy to grow. VERY FRAGRANT and pretty. 85c for 6 bulbs. **START THEM NOVEMBER 14th** to bloom DECEMBER 25th. Place in gravel in a bowl in a DARK, COOL place for 10 days. Bring into warmth and light (not DIRECT SUNLIGHT). The fragrance is superb and pervades a small part of a LARGE home. The rank amateur will succeed with these.
- BONE MEAL should be LIGHTLY worked into the soil around the perennial beds, old bulb beds, young shrubs and small trees. Four pounds to 100 square feet.
- Cut hardy chrysanthemums back after flowering to a few inches from the ground.
- PARSNIPS AGAIN! The flavor is improved by letting the root (that is what some eat) in the ground until Spring.
- LILACS—Cut away all suckers and dig DRIED CATTLE MANURE around the plant. DO NOT PUT IT IN! In the spring cultivate LIGHTLY!!
- WATCH YOUR LAWN. The height of the grass should be not over these heights when it stops growing—
BLUEGRASS AND FESCUE (MOST OF OUR LAWSNS) 1 1/2" TO 2"
MERION BLUEGRASS—1 1/4" TO 1 1/2"
BENT GRASS LAWSNS—1/2" TO 1"
- May we remind you (as if it were needed) that materials in CAPS are things we carry.
What you may not know is that we have RESEARCHED EVERYTHING WE OFFER YOU.
Good Night.

3 Residents Named to Board At Beaumont

Three Birmingham - Bloomfield area business executives have accepted appointments to the William Beaumont Hospital corporation, it has been announced by James C. Covert, Community Relations Director for the hospital.

Hobart Andrae, president of Synco - Devics, Inc., Ferndale; William B. Hargreaves, of Mathew Hargreaves Chevrolet, Royal Oak; and Ben D. Mills, vice president of the Ford Motor Co., and general manager of the Lincoln-Mercury Division, were named to the corporation at the 1962 annual meeting.

Andrae, 50, of 1033 N. Glenarry Rd., Birmingham, life-long resident of Oakland County, is a past member of the South Oakland Manufacturer's Association, a member of the Chamber of Commerce and serves on the board of trustees of Bloomfield Village.

NOT YET 50, William B. Hargreaves, 1381 Pembroke, Bloomfield Hills, has been active in civic and community service including important work for the United Fund.

Mills, 780 Vaughn Rd., Bloomfield Hills, the third new corporation member, has an active interest in United Fund and Camp Oakland and is president of Junior Achievement. He served as major gifts committee chairman for the Metropolitan Detroit Building Fund campaign.

Owen R. Pinkerman, hospital director, and Mr. L. B. Babecek, chairman of the hospital board of trustees, later reported to the corporation officers that plans for expansion of the hospital from 258 beds to 700 beds is proceeding as scheduled.

Completed plans call for a five-story addition to the present building and a seven-story new wing and will include a new intensive care department, facilities for subacute, radio-therapy treatment and Psychiatric treatment. All present departments will be enlarged.

Boys' Honesty Evokes Letter From Reader

To the Editor:

Would you please print this letter to a boy named Pat Kelly and his friend whose name I don't know.

Dear Pat and friend:

On Saturday, you and your friend found my daughter's purse in Shain Park and turned it in to the police station. We didn't have a chance to thank you because the police did not have your address nor did they know your friend's name.

So many people go by the old cliché of "finders, keepers" that it is heartwarming and refreshing when young people are as courteous and honest and I want you to know that what you did was very much appreciated.

Sincerely,
MRS. JOHN MAY

City Approves Merchants' Plan for Christmas Lights

Birmingham will take on a new look this Christmas season.

City commissioners Monday night granted a request from the Birmingham Chamber of Commerce to place small white lights on the trees that are set within the sidewalks.

The lights, to be bought by the merchants and installed by forestry department staff, will be in addition to the regular decorations on the lamp poles.

Those decorations consist of strings of Christmas lights strung around the posts, from top to bottom.

THE LIGHTS will be placed on trees in these areas:

Maple from west of Bates to Hunter.

Woodward from Oakland to Brown.

Hamilton Row east of Woodward, Pierce south of Maple.

The program is a voluntary one, and any merchant may request to have lights installed in front of his establishment.

John Moss, chairman of the

chamber's Christmas decoration committee, said the lights will be purchased through the chamber in the interest of uniformity but each merchant will pay for those lights installed in front of his store.

COMMISSIONER William E. Roberts said he felt that "we have never done enough" from the standpoint of decorating for the season. "I think this will be a wonderful thing," he said of the new plans.

Commissioners voted unanimously to grant approval.

B'ham Retirement Fund Shows Slight Increase

A total of \$79,826 will be earmarked in the 1963-64 Birmingham budget for the employees retirement system.

The amount was based on a report by A. G. Gabriel, actuary for the retirement system.

This year the city paid \$74,243

toward the fund. The increase for next year is due to a rise in salaries and the addition of five employees to the plan.

Currently 186 city employees are enrolled in the program, including 69 police and fire department members.

At the present time, 29 retirees and three beneficiaries are receiving a pension from the city. The total annual allowance is \$33,110.04. The city first retiree Lee Weath-

erby, a DPW employee, died retired in 1946.

Funds of the retirement system are invested in several forms of security. The total market value of investments is \$1,208,334.46.

The retirement board in Birmingham is made up of Mayor Florence H. Willeck, Commissioner Charles A. Renfrew, Herbert Gardner, L. R. Gare, city manager, Clark Hagstrom, Stanley Pennerell, Robert Schaula and Russell Berger, administrative secretary.

Several members of the board will attend an all-day conference today at the Northwood Inn of the Michigan Association of Public Employees Retirement Systems.

Resident Acquitted In U.S. Ruling On T-H Violation

Roy Fruehauf of Birmingham, former president of Fruehauf Trailer Co., Detroit, has been acquitted along with three other trucking employers, of misdemeanor charges of violation of the Taft-Hartley Act in his 1954 loan to former Teamster Union president Dave Beck.

Beck was also acquitted of charges that he illegally borrowed \$200,000 from Fruehauf Trailer and other trucking concerns.

Acquitted along with Fruehauf were Borge Seymour, of Washington, Conn.; Associated Transport, Inc., of New York, the company Seymour now heads, and the Brown Equipment and Manufacturing Co., a subsidiary of Associated Transport.

Utley Case Trial Date Postponed

WOOD CREEK FARMS—Trial date for the Utley case, to have property at 12 Mile and Middlebelt re-zoned to permit a professional center, has been postponed several times, village president Norman Kreider reported Tuesday night.

Wood Creek Farm's monthly meeting lasted only long enough for a quick review of current matters, the payment of bills and a brief road summary.

"If the Utley case isn't heard this week, it will be deferred until the first of the year," Kreider concluded, hinting also that he was very optimistic about the outcome.

STREET COMMISSIONER Jack Richards reported that Clyde Waugh, representative of the State Highway department's local government agency, has agreed to appear at the December council meeting to explain the benefits and function of Act 51 as it effects small municipalities.

Richard also indicated that there was about \$4874 in road funds after fall work. This comfortable balance should be reserved for winter road emergencies, he stated. The village received its third quarter payment of \$1846 from the state road fund.

The University of Michigan's Institute for Social Research samples and interprets public opinion on subjects ranging from family life to political campaigns.

VETERANS DAY

WE REMEMBER

SUNDAY November 11th

we remember very well when you marched away from your homes and your families and your jobs to secure your country's future. We remember that you were older, when you came home, much older . . . and that some of you never came home. Yes, we do remember and today, your day, we pause to say again, and always, "Thanks."
