

## East Hills Junior High

By BETSY BLOSSER  
Special Writer

Tuberculin tests were given at East Hills Junior High School on Monday, Nov. 12. Opportunities for the tests were sponsored by the Oakland County Health Department. Mr. McGuire, principal, stated that the students came through the tests remarkably well. Everyone had been tested within 45 minutes. On Thursday the tuberculin-injected area was checked again for a positive or negative reaction.

Principals and coaches from Oakland County junior high schools met recently and discussed East Hills' membership in the Central Oakland County Junior High School League. Beginning at the end of the 1963 football season, East Hills will be a member of this association. Many teams within this league are on the basketball and baseball schedule planned for this year.

For the first time, last week, lunch was served in the new cafeteria. Apart from the kitchen there is a serving area with a beautiful tile wall in the background. Pastel colors were used to beautify the furnishings in the room.

Landscaping has been taking place lately. With the help of a few trees and a bit of shrubbery the schoolyard looks more like a lawn than just a pile of dirt.

Recently-installed field equipment has been put to good use especially in the field hockey game between Blomfield and East Hills played Thursday, Nov. 8. East Hills won with a score of 1-0. Nancy Shannon scored the winning goal with 29 seconds left to play. Miss Cooney, the girls' gym teacher, stated, "Both teams played exceptionally well." This was the first game, of any kind, that East Hills has won this year. There had been only four weeks of practice for the girls.

With the help of a paid secretary and volunteer mothers, Mr. Werner, the librarian, has been getting approximately 100 books a week on the shelves. Now, the library is scheduled to open Nov. 27.

Two clubs have been started at East Hills. Mr. Travis has organized a science club, and Mrs. Easton is giving of her time to sponsor a French club. All students participating in these activities enjoy them very much. A teen club for eighth and ninth graders has been discussed and will be sponsored by the Parent Teachers Organization.

An apology is due the officers of the ninth grade class for the error in the article of Nov. 8. The officers are as follows: Ed Farman, president; Dave Pistor, vice-president; Nancy Shannon, secretary; and Butch McGarrigle, treasurer.

## Kingswood School

By PEGGY PRANCE  
Special Writer

The major event of the fall at Kingswood School is the Autumn Festival put on by the junior class, which was held this year on November 17, at 7:30 in the evening. Since last spring the juniors had been planning the festival, which consisted of a show in the auditorium put on by the juniors and booths for each class in the gymnasium in which are held games, bake sales, or competitions of some sort. This year the entire festival was under the general chairmanship of Susan Wege.

The entire junior class was invited to a dinner party held in the late afternoon preceding the festival by Mrs. Thomas H. Wagner and

Even in the midst of first quarter tests, the school is engaged in many extracurricular activities. The hockey squad especially has had a full schedule. They participated in the annual Play Day at Grosse Pointe University School on Nov. 3. At this gathering of fine hockey players, two members of our varsity squad, Kathy Martin and Chris Taylor, made the All-Detroit first team. A tape of our practice sessions was being televised simultaneously on the Junior Sports Program of WXYZ. Later in the week on Friday, Nov. 9, the team held its championship game with the Grosse Pointe Convent. Despite the fine efforts of both our varsity and reserve, Grosse Pointe went home with the cup. Both condolences and congratulations were exchanged at a party following the game at the home of Jane Schroeter.

Members of the junior and senior classes are still talking about the informal evening they spent with Robert Frost on Wednesday, Nov. 14. A trip on vacations by Father Flanagan, a program presented for the Mother General, Mother Bantz, and an ensuing half-day conge have also filled the busy days before Thanksgiving.

Varied interests have claimed the attention of the girls of the Middle School. They are enthusiastic about their fully equipped home economics classroom. In an afternoon of hockey with the Grosse Pointe Middle School, the eighth grade team lost but the Middle School team won. In recent art contests, Susan Dungan, Carol Poniatowski and Carolyn Wyss have won awards.

her daughter, Dorothy. Then they all went over to the school, and the first of the two performances of the show got under way at 7:30. The theme of the entire festival was "Eloise in Paris," in search of her missing turtle, Skipperdee; and the festival was named "Eloise, S'il vous Pleaz." Cookie Goodstein played the part of Eloise, and Alexa Harrison was her Nana. The show consisted of skits put on by all the girls, and the skits were woven together at the intervals by Eloise and Nana. The students used many well-known songs and ideas about Paris, such as, "I Love Paris," "We Are Maidens Typical of France," "Come Along With Me," and "The Red Balloon," for the various skits.

Those girls in charge of the numerous committees were: Cookie Goodstein, script committee; Connie Bennett, programs and tickets; Alexa Harrison, publicity; Paulette Stocky, make-up; and Janie Cooper, usher. Karen Plew was in charge of the decorating of the Junior Booth, and Ruth Sickinger was in charge of the booth.

In the gymnasium the booths of each class were named, according to the Parisian theme, by Clayton Dorn and her committee, some of the names being "Pa Patisserie," "Le Cirque de Paris," and "Maxim's."

For the festival the publicity committee put on an advertising skit in the Monday assembly before, in which they revealed the theme of the festival for the first time to the school. The tickets were designed in the shape of the turtle, Skipperdee, and the programs had the main character Eloise drawn on the front. Miss Saifert, the faculty music director, composed a theme song for the festival about Eloise: "She the 'enfant terrible'!" The other faculty members that worked on the festival were Mrs. Morse, the general faculty chairman, and Mrs. Hill, the dramatics director. Miss Fry is the class adviser.

Last Tuesday, Nov. 20, in chapel the school held its annual White Gifts Thanksgiving Service. Each class prepared a huge dinner basket to be given to family for a Thanksgiving dinner. In the service the baskets were filled, and a sermon was given on Thanksgiving.

Any motorist who gambles on a slippery road surface runs the risk of being arrested by a convenient ditch, abutment or guard rail. Motorists should recognize and be wary of conditions which may indicate a possible slippery road surface. Clues to slippery roads are: wet cobblestones or smooth metal surfaces such as streetcar tracks, wet leaves, wet patches of mud, oil or grease. Most highways have "Slippery When Wet" signs. Read them and heed them. Make it a rule to adjust speeds according to temperature and weather factors.

# BANK WHILE YOU SHOP ON...

# SATURDAY

for your convenience, all offices of The Michigan Bank are open 'til 4:30 every weekday, including Saturday.

## TAKE A LOOK AT THE BEST-LIKED CADILLAC OF ALL TIME!

There's no question about it—America has fallen in love with this one.

It's the Cadillac car of 1963—and it's already attracting more attention—and more owners—than any other motor car in Cadillac history. And to be perfectly honest with you, we aren't a bit surprised.

You see, good news about cars travels fast. And the news about Cadillac has never been better... nor its owners more vocal.

Give a new Cadillac owner half a minute and he'll tell you how much he likes the new Cadillac look. Clean. Majestic. Substantial. Elegant.

Give him a full minute and he'll talk about the car's new luxury and comfort—and about the incredible range of models, colors and interior appointments.

Show just a little more interest and he'll have you in the driver's seat and out on the highway—re-creating the roll call of Cadillac's engineering

feats. A smoother, quieter engine. A new true center drive line. A triple braking system.

We're glad our owners are demonstrative. And even if you subtract the usual new car fervor—you'll find that what's left over is reason enough to visit your dealer without delay.

If you see him fast—maybe you can be the first in your neighborhood with a 1963 Cadillac.

An early move, you know, gives you a full year at the wheel.
