MR. AND MRS. Frank York of Willsboro spent a recent week-end visiting Mrs. York's brother and family, the Frank Hoffmans of Jackson. Braving the freak snow storm in Cleveland recently were Dr. and Mrs. George Ritter of Sunset Boulevard who went to Cleveland for a five-day convention of the American Heart Association.

FRANKLIN VILLAGE

Silver Anniversary Fete Planned for Area Couple

NITA HARD
Ma. 6-3224

The children and grandchildren of Mr. and Mrs. Win Himman of Wellington Road contracted to prepare a gala celebration for the Himmans' anniversary.

Invitations to an open house swamped the mails last week and droves of friends will descend on the hill-top house to honor the couple between the hours of two and five this Sunday.

The Himmans have been residents of Franklin for about 20 years. Neighbors have watched their three children, Bob, Kitty and David grow and watch with equal interest, now the development of grandchildren, Debbie, Mike and Tim. The couple have been active in community affairs during most of their residency.

DOZENS OF yummy cookies took form last Thursday under the excited fingers of Girl Scout Troop 405 members with help of leader Mrs. Norman Natmark. Baked as a Thanksgiving day treat for patients at the Oakland County Medical Center in Pontiac, the cookies will be distributed this week.

MR. AND MRS. FORREST W. STARRETT of Irving Road announce the marriage of their daughter, Cynthia Kay, to Peter Michael Waldman, son of Mr. and Mrs. Maxwell Waldman of Rhode Island. The vows were exchanged on June 8 at Derry, New Hampshire.

The bride is a junior at Boston University where she has been studying stage design and theater techniques. The groom is also continuing his studies as a junior at Tufts Medical School. He graduated fourth in his class from Harvard.

The young couple are expected to visit the Starretts during the Christmas holidays. They are living in Boston at the present time.

THE NEW OCCUPANTS of the former Ravitz home on 13 Mile Road will certainly bring a new dimension to Franklin. Not only do Dr. and Mrs. Howard Seigelson have five daughters and one son, ranging in ages between 12 and 3, but their interests are of international scope.

Dr. Seigelson is a radiologist at Sinai Hospital and he will be embarking on the S.S. HOPE Monday to participate in the unique "people-to-people" project

To pass or not to pass—that is the question when painted traffic lines are obliterated by slush or snow. One good rule to follow is to pass as little as possible when roads are in this condition. If you must pass be sure that you have extra clearance ahead, and do not pass on hills or curves.
