### American Legion Names 3 Residents To State Committees

Three Birmingham area men have been named to state-wide committees by the American Legion.

Herman F. Luhrs, 3798 Darlington, Bloomfield Township, has been appointed chairman of the constitution, by laws and legislative committee. Luhrs will serve for the coming year and attend departmental functions.

Jon Capron, 5705 Willow Grove, Troy, was appointed to the department re-organization study committee, and Fred J. Niedermiller, 18930 Hillcrest, Beverly Hills, will serve on the un-American activities committee.

Some 450 physicians are affiliated with the University of Michigan Hospital.

Any physician in Michigan may refer his private patients to the University of Michigan Hospital.

## NOTICE!

In my shop and manufactory at 322 Hamilton Street in Birmingham, I display a unique collection of Early American artifacts and accessories, all in the finest tradition of that bygone age. I also hand craft original pieces of furniture to your order, furniture that painstakingly duplicates the style and skill of the old craftsmen. Visit me soon; I am at your service.

### Cementing Relations

Sinkers and clinkers and helmets were quite in order as this Birmingham family visited Daddy's place of work. Young Tom Knapp (left), is introduced to the intricacies of cement making by his father, Fay Knapp, director of personnel at Peerless Ce-

ment Co. Looking on and waiting for his turn is John, 6, with his mother. The Knapps visited the firm's Jefferson Avenue plant in Detroit recently when the company celebrated its 65th anniversary with a family day celebration.

### Bell Telephone Offers 3 Films To Area Groups

The Telstar communications satellite, a trip to the Seattle World's Fair and the manufacture of telephone cable are subjects of three new films being made available without charge for showings to church, school and civic groups by the Michigan Bell Telephone Company.

The films may be obtained through the local telephone company business office. The film, "Century 21 Calling," follows a teenage couple on a whirlwind visit to the fairgrounds, starting with a monorail ride from downtown Seattle and concluding with a glimpse of telephone conveniences of the future in the communications building.

THE "TELSTAR" film traces the communications satellite from a concept in the mind of a Bell Telephone Laboratories scientist to successful experiments following its launching last summer.

"Wire for Sound" shows the making of telephone cables from the casting of copper ingots to the installation of cable underground. Unusual color photography describes the manufacturing process with only musical accompaniment and no narration.

### Going South

Airman Basic Paul A. Johnson, son of Mr. and Mrs. Vincent F. Johnson, 6785 Halyard, Bloomfield Township, is being reassigned to Greenville AFB, Miss., for technical training as a United States Air Force fire protection specialist.

### Completes Training

Marine Pvt. William L. Myers, son of Mr. and Mrs. William D. Myers of 27715 East California, Lathrup Village, recently completed recruit training at the Marine Corps Recruit Depot, San Diego, Calif.

The indoctrination to Marine Corps life includes instruction in basic military law, discipline, physical conditioning and other military subjects.
