

**'All Aboard' for Fun**

Ford families from Birmingham pile aboard a Grand Trunk railroad train for an "Operation Caboose" trip to Holly, Mich. The 20-car train, including a caboose and pullman, carried more than 1,000 Ford employees and their families to a three-hour picnic and fun fest recently. Entertainment, music, tours, rides, games, and special sidewalk sales were provided for the visitors during the Holly stopover.

**Country Day Expects 300 To Register**

When Country Day School's doors swing open on Sept. 12, they will admit, for the first time in the 49-year history of the school, more than 300 youngsters. School officials credit long-range planning for an "enlarged" (outside school) for this year's expansion in junior high grades.

The faculty has been increased. NEW INSTRUCTORS are: Phillip L. Hillman, chairman of the English department. He is a graduate of Kalamazoo College and Western Michigan University. His has subject training in history, public wife holds an MFA degree from the speaking, dramatics and stu-

dent publications. Frankrok Institute of Art. Ross E. Held, chairman of the science department. He succeeds James Doe, who left Country Day after several years as head of the department to engage in similar work in California. Richard O. Crystal, modern language department. He speaks German, Italian and Russian and is a track coach and a musician.

GEORGE W. Browne, who will teach and coach. He has a history major and physical education minor degree.

William C. Arnold, who will handle the school's program in Spanish language and assist in English.

John F. Camp, who will handle a section of Country Day's expanded sixth grade.

John Paul Campbell, history teacher and wrestling coach. He has subject training in history, public wife holds an MFA degree from the speaking, dramatics and stu-

dent publications. THIS YEAR, the school will start its French program in the seventh grade. French will be taught three times a week from first grade through the lower school.

An ink stain can usually be removed from a washable garment by soaking the spotted area in glycerin for an hour. The treated section should be washed and rinsed before washing the entire garment.

**APTITUDE TESTS** enable you to learn the kind of work in which you can best succeed, the studies best for you. For men, women, boys and girls. Vocational Counseling Institute Daniel L. Beck, Director 722 Fox Theatre Bldg. 2 Bldg. N. of Grand Circus Park 17 Years Serving Detroit (Formerly in Macarthur Bldg.)
