

Silver Tree Grets Couple On Wedding Anniversary

By LOUISE N. KRAEMER
Special Writer

How would you like to come home and find a new yard growing in your shrubbery; a tree with silver dollars instead of leaves—so many the branches could not hold them all and some of them at the base reading, "It Does Grow on Trees."

Mr. and Mrs. Clair DuValle found a tree a gift from their neighbors, to commemorate their silver wedding anniversary. In the garden they found neighbors, an aunt and uncle, Mr. and Mrs. Bass and Roger from Westfield, N. J.; friends from church clubs, members of their canasta and square dance groups from Detroit and a telegram from Pete and Julie Parker of Chicago.

THESE WERE also telephone calls from Mrs. DuValle's brothers

and their families, Mr. and Mrs. Ray Owens of Connecticut, Mr. and Mrs. Robert Owens of Massachusetts and Mr. and Mrs. Robert Collins of Denver, Colo.

The afternoon was a series of surprises as over 100 guests arrived at different times for the Open House arranged by daughter Debbie and son Owen.

Mrs. DuValle gave her husband a 32nd degree Masonic ring and he presented her with a set of exquisite Oriental jewelry.

Assisting hostesses were Nancy and Barbara Rie man and Sue Feinthal.

Women Voters Launch New Season and Drive

One of Michigan's smallest but most effective organizations begins its forty-second year of service to the people of Michigan this week, marked by a proclamation from Governor John B. Swainson.

The week of September 10-17 is proclaimed League of Women Voters week and signals the beginning of finance drives in local communities to raise money for another year, when the League's national meeting agreed to support ratification of the proposed state

constitution and to study metropolitan area problems in the state of Michigan.

FOLLOWING their three-pronged approach to service, the 4,000 member state League has been preparing its campaign of action on the new constitution.

It is studying the problems of annexation, consolidation, federation and local planning, and distributing to electors their carefully prepared, nonpartisan data on candidates for office in local, state and national elections.

THEY WILL act in the Congress of the United States, in the state legislature of Michigan and at city hall or county courthouses to support or oppose legislation that touches on items of past study and agreement.

They will hear from their observers at the United Nations, at Congress, at the legislature in Lansing and at their local governing groups, all the while developing areas of agreement on their chosen issues of study at all three levels of government.

AUTUMN AGENDA

Now that the youngsters are in school again, comparative calm and quiet descends on many homes. A time to think and plan and do some of the things we stopped thinking of, planning for, and doing last June.

Our attempt here will be to bring you up to date and get you "going" again.

No. 1 must be your LAWN.

This is the perfect time to grow large, strong, healthy grass plants. It is not difficult for one who desires a good lawn and is willing to be reasonable.

Grass needs food just as much as does a rose or bean plant. It needs an application right now of 2 lbs. of nitrogen to 1,000 sq. ft. To accomplish this you apply—

- 20 \pm of AGRICO 10-6-1 to 1,000 sq. ft., or
- 10 \pm of STADLEERS 20-10-5 to 1,000 sq. ft.

(Note: This may disagree with many ads which say that 20 \pm of 10-6-4, or 10 \pm of 20-10-5 will cover 2,000 sq. ft. It is the same as trying to grow 16 pigs on an 8 pig diet. Check your Agricultural Agent if this offends you.)

Since grass blades are the only part of the plant that can change the fertilizer into a useful food LEAVE AS MUCH OF THEM AS YOU CAN when mowing. 2 inches is the minimum for most lawns.

STORE HOURS:
Monday, Tuesday, Thursday, Friday, Saturday: 8:00 to 5:30 p.m.
Wednesday—8:00 a.m. to 12:00 Noon.
Would you care to tell us if we should stay open Wednesday afternoon, or Friday night?
Please call or jot it down on your statement.

COTTAGE OWNERS will be glad to know they can take the chill off by throwing into the fireplace a bit of FIRRQUETS—50c for 15 lbs.
KINDLE-LITE LOGS—\$2.25 for 10 logs.
CANNEL COAL—\$1.60 a bag.
Easy to carry—easy to light—hot as the dickens.

SPRING FLOWERING BULBS are arriving frequently. At present there are available some that should be planted EARLY.

They are:—
MADONNA LILY (WHITE "LILY OF THE FIELD")
HARDY AMARYLLIS (LYCORIS SQUAMEGIRA)
VIRGINIA BLUEBELLS (MERTENSIA)
EREMURUS (FOXTAIL LILY)

FINAL NOTE:—Due to the cool and moist season we are enjoying, many lawns look as though nothing is needed to keep them going. DON'T BE MISLED by this condition. To go back to the pig idea—does the farmer stop feeding them when they are fat and healthy?
FEED YOUR LAWN NOW!!
IT NEEDS FEED MORE SEED!!
