Observes Air Mail Birthday
Pontiac Police Hold Suspect in Hospital

On Monday when the air mail was sent a penny to 8 cents an ounce, this service to the American people began its 45th year. On May 15, 1918, when air mail was first officially introduced in America, 6,600 letters were flown from Washington to New York City about 200 miles at a cost of six cents an ounce, which included a special delivery fee. Today, Birmingham Postmaster Rollie Reese said, more than 1.5 billion letters and post cards are sent by air mail annually within the United States.

"Businessmen should search diligently for more efficient and economically sound methods of handling their mail because they may be able in many cases to offset the postage adjustments effective January 7," he explained. "Proper use of postage scales and meters, in particular, can prove to be a good source of postage savings," he said. Specifically, he explained, businessmen can minimize losses by making certain that mail—particularly first-class and air mail—is correctly weighed and the correct postage carefully applied.

Individuals unfamiliar with the meter machines can add more postage than is necessary—which results in a direct loss to the business. The Post Office certainly wants correct postage but is anxious to encourage the development of mail "know-how" to make certain that postal patrons pay no more than is fair.

During the past two years the Post Office Department, he said, has placed special emphasis on devising new techniques and "know-how" to assist business in mailing operations. "For example, all post offices including ours," Reese said, "have special mail technicians who are available upon request to assist businessmen in fostering better mailing practices."

Rufus J. Anderson, Jr., 23, who was shot while resisting arrest Jan. 3 and is a police prisoner in Pontiac General Hospital, has been interrogated only briefly due to his condition, Pontiac Police officials said. Anderson was shot in the right hip when officers sought to arrest him on a two-on-one hold rape charge. He also is being linked with the robbery of the Bloomfield Township post office substation which occurred at 7:30 p.m. the evening of his arrest.

Anderson escaped and broke into a home at 603 California before being captured and taken to the hospital. Police later found blank money orders and purses of three women employees containing \$86. Bloomfield Police were called to the scene of the robbery.

Pontiac Police, seeking Anderson on the rape charge, spotted him getting out of a car in the South Boulevard-Motor Street area about 11:30 p.m. Jan. 3.
