Fred Fink and Tom Hoopengardner, BHHS seniors, have successfully completed a semester's college mathematics course at Michigan State University Oakland. The two are among 25 high school students who have participated in the program. Both have earned four hours of college credit for the

course. The advanced art and humanity classes of BHHS attended the Van Gogh art exhibit in Detroit on Jan. 17. Accompanied by instructor Mr. Donald Dennis, 45 students viewed 141 paintings of the famous painter's collection.

Results of the school-wide elections for second semester Student Congress officers were announced Jan. 18 and again the following Monday morning over the public address system by the outgoing president, Ken Pool. On election day Seaholmites crowded in front of the voting room to hear the outcome of the tabulations. As the announcement was made a roar of mixed emotions rang out from the group. Presiding over the remaining House meetings and guiding the school during the coming four and a half months will be Dick Peckham, president; Jack Harvey, vice-president; Molly DuBois, secretary; and Bob LaMarre, treasurer. After four days of campaigning, which included banda, clever posters and banners and numerous tags, the candidates and their campaign managers spoke to the student body at an assembly, Jan. 18, to explain his reasons for seeking office. Students were strongly urged to vote, but unfortunately 200 students did not fulfill this obligation.

Thirty-two students in Seaholm High School have been cited as having placed in the top four percent of all participants in the sixth annual Michigan Mathematics Prize competition. Only students who scored 14.0 or better on Part I of the competitive test fall in this category. There was a total of 478 students in the state of Michigan who scored high enough to fall in this category. Each of these students will receive a certificate and their names are being sent to scholarship officials of all Michi-

gan colleges in order to call their attention to these outstanding mathematics students. The names of the Seaholm winners include Edward Weller, David Sanders, Kim Bailey, Richard Keys, George Ludden, Jeffrey Walker, Michael Joshua, Thomas Kennedy, Joanne Wakeland, Jerry Lohla, and Kenneth MacKenzie. Others are Timothy Maker, George Ward, John Brown, Thomas Brooks, Susan Knopf, Charles Holtz, Donald Lystra, Barbara Maxson, Judith Staerer, Patricia Kough, Diane Harrington and Mike McKenzie. Final winners are William Semar, John Slater, David Zimmer, Robert Hamilton, Peter Hilder, Charles Meeke, Tom Bentz, Richard Robinson, and John Mow.

With the end of the EML debate season, Seaholm has again done very well. The Seaholm team finished second in the final standings of the league. They were second to Royal Oak Kimball who placed first with an 8.2 record compared to Seaholm's 6.4. Throughout the debates this season the judges graded all debates on a scale of 1, poor; 2, fair; 3, good; 4, excellent; and 5, superior. Any debater receiving two superior ratings during the season was awarded a special certificate of merit. Seaholm led in this area with three of its debaters winning this honor: John McCullough, Pat Squibb and Ben Root. Seaholm finished its
