Delta Gamma To Hear Talk

Mrs. Marshall Bowyer, national alumnae chairman, will speak to Birmingham alumnae of Delta Gamma at 8 p.m. Tuesday in the home of Mrs. David Taylor of Glangarry Road.

Mrs. Russell Strickland, a Birmingham alumnae and a member of Delta Gamma's National Council, took an active part in this program, designed to develop leadership and promote cultural and academic achievements in collegians.

Assisting Mrs. Taylor as co-hostesses are Mrs. D. L. Cole, Mrs. David R. Comfort and Mrs. Richard Dauenbury.

Engagement Told

Mrs. Elizabeth Hodge Webb of Royal Oak announces the engagement of her granddaughter, Diane Elizabeth Dahl, to John Paul Maxwell of Birmingham. The bridegroom-elect is the son of Mrs. Amelia Burton Maxwell of Clagton, Md., and Mr. John K. Maxwell of St. Louis, Mo. A December wedding is planned.

TREASURER MRS. JOHN GANSCHOW (LEFT) AND PRESIDENT MRS. EARL WESTON

Women's Division Launched for 'Hope'

A pleasant way to finalize plans for the first meeting and luncheon of the women's division of Project Hope was held recently aboard the Russell E. Bauer boat, renamed for the day, "S. S. Hope".

The meeting was called by chairman-protem, Mrs. Herman P. Sattler, and with the aid of Mesdames James K. Fulk, Joseph Vance, Jr., Russell E. Bauer, Earl Weston, John Ganschow, Robert Teag, Joseph Slakin, Jack Gould, Sydney Levinson and O. D. Schwartz. The date was set and the speaker planned for the first business meeting Tuesday, Oct. 1, at the Women's City Club. The first luncheon for members and guests will follow this meeting.

Avin M. Bentley, Michigan State Chairman for Project Hope, will present the first president of the women's division, Mrs. Earl E. Weston of Birmingham, and introduce the guest speaker, William B. Walsh, M. D., founder and president of Project Hope.

EARLY THIS SUMMER a group of Detroit and suburban women were asked to pilot the first women's division for Project Hope, purpose of the division to inform the public of the needs and the results of the great white ship.

Hope leaves Nov. 20 on its fourth mission of humanity, bringing our top doctors, nurses and technicians to Ecuador to help advance the medical profession in better techniques so they can help their own people to a healthier life.

Detroit's own Dr. Herbert J. Bloom, national Project Hope board member, has just returned from Ecuador where, according to him, over 50% of the population is in critical need of public health programs and there is a dire need for para medical people in the new medical institutions.

Project Hope will concentrate on the training of medical personnel to assist the physicians in the existing facilities at their ports of call.

AMONG LOCALITIES who are members of the Women's Division are Mrs. James Barren, Mrs. Kenneth W. Cunningham, Jr., Mrs. Roy H. Edwards, Mrs. Norman Ellis, Mrs. Lawrence R. Nelson, Mrs. Lynn A. Townsend, Mrs. Edgar A. Guest, Jr., Mrs. L. H. Averill, Mrs. Roy A. Fruehauf, Mrs. Sidney B. Harriman, Mrs. Edward L. Penet and Mrs. Maitland N. Stewart.

Others include Mrs. Ray E. Epworth, Mrs. Edward S. Welbeck, Mrs. Don A. Young, Mrs. Robert W. Podlask, Mrs. Dale D. Douglass, Mrs. Warren S. Booth, Mrs. Read Jenkins, Mrs. Louis J. Emmert, Jr., Mrs. Earl F. Lutz, Mrs. Robert D. Larsen, Mrs. G. Alfred Ingram, Mrs. John J. Paulus and Mrs. John H. Ganschow of Huntington Woods, who was elected treasurer of the Women's Division.

First showings: the 1964 Lincoln Continental.
Discover the greater spaciousness behind its classic profile.

When you inspect the new Continental you will discover why more than half the people who buy in our price range choose the Continental.

Notice the greater passenger room.

Come in, and inspect the new Continental yourself. Its profile is only three inches longer than in 1961-2-3. Yet you will find a roomier rear compartment, with four inches more leg room and 2.5 inches more knee room than in 1963. This makes for twice the knee room of the 1961 and 1962 Continental. And the luggage compartment is 15% larger, for a total increase of 33% over 1961-2.

But with all this added space, the Continental retains all the qualities that set it apart from every other automobile:

1. Timeless styling is a prime reason the Continental retains so high a value.
2. The Continental is available in just two models: the sedan and the convertible. There are no lower priced models, because there is no compromise of its standards to offer lesser versions.
3. Both the sedan and the convertible have four doors opening at the center for the easiest entrance. Continental offers the only American four-door convertible.
4. The unusual rigidity of integral construction contributes to its unequalled ride.

5. Within, virtually every luxury is included as standard equipment.

6. The Continental also includes full power auxiliaries as standard equipment.

7. The Continental is built at Wixom, Michigan, in a special plant which sets the world's highest standards of precision automotive engineering.

8. No other car is so thoroughly tested. Every Continental must pass 189 road performance tests in addition to thousands of examinations and inspections during manufacture.

9. The Continental is uniquely free from maintenance. It is constructed to last.

Before you decide on your next automobile, drive the Continental. It is the world's finest automobile. Please call us and we will be happy to arrange a demonstration at your convenience.
