PEOPLE'S COLUMN

Ties Kennedy Assassination To Racial Equality Efforts

To The Editor: The tragedy of President Kennedy's assassination should serve as the foundation for the national purification of every American. John Fitzgerald Kennedy gave his life as did Abraham Lincoln in a supreme effort to free this nation of rank injustice and racial discrimination. The Freedom Festival procession in support of civil rights here in Birmingham on Saturday, Dec. 14, should be joined in by all people in this area who desire to follow the right course in human relations. This day in Birmingham should be dedicated to the proposition that John Kennedy "did not die in vain."

A REPRESENTATIVE of The Eccentric recently expressed at a group meeting, the view that "no civil rights problem exists in Birmingham." Mayor Burgum has said he "wouldn't be honest in my own convictions" if he took part in the "Freedom Festival for Civil Rights" slated for Dec. 14. I respectfully suggest that Mayor Burgum intensely re-examine his convictions in this regard and that The Eccentric and others take their heads out of the sand and realize that the "problem" exists for all people and all communities. Those who do not physically or mentally participate in the "Freedom Festival" in Birmingham on Dec. 14 as a tribute to John F. Kennedy and as a public recognition of love for all their fellow-men regardless of skin or belief do not deserve to be called Americans.

Study Committee Meeting Reset

The Citizens Elementary Curriculum Study Committee meeting scheduled for Monday night at Beverly School has been reset for Dec. 2. The committee was to present its findings on nearly a year of study of the Birmingham elementary schools. The report was then scheduled to be presented to the board of education Tuesday night. A spokesman for the schools said the board would probably receive the report at the December meeting.
