Giant Cornucopia Overflows With America's Foodstuffs

LET US CONSIDER our soil which is the basis of all our presperity. Our United States has more fertile acreage than any other area of its size in the world is cropland located in the fertile acreage than any other area grainfields of the Midwest and the vegetable belts of the Paclife Coast. Their President Dr. Robert E. Simmons, association of the Midwest and the vegetable belts of the Paclife Coast. Half of our The Part of the Atlantic to the Paclife Coast.

East, the great grainfields of the Midwest and the vegetable belts of the Pacific Coast.

Haif of our cropland is suitable for pasture and grazing. Mrs. Prehse Such areas are scattered throughout the East and Middle West, but they are centered in the great tranches of the South and West.

OUR RICHEST agricultural

WHILE THERE, he helped lands lie within a great triangle with its points set in Ohio, Texas and North Dakota.

Although this area includes only one-fourth of the United States, it contains more than twice the exception of the cropland of the rest of the country.

Our five major crops are projected for the country.

Our five major crops are pair of conduced on four-fifths of the land.

Corn heads this list, and in apite of our one minute breakfasts of corn is xichildren live in Rochester.

With Thanksgiving, America's careal, we can most of this grain gignatic cornucopia overflows once in the form of pork and beef, in the form of pork and beef. Wheat, hay and oats are next in povershed? There was another form of pork and heat labor of the farmer and the development of the fa

AS LONG AS 100 years ago Abraham Lincoln signed the Land Grant College Act, thus initiating America's declaration of independence from hunger. This action that the control of the control two hours to produce a bankel of corn, and it took six million farmers to feed 30 million Americans. Today a bushel of corn represents only nine minutes of farm labor, and seven million farmers feed to million farmers now produce 85 per cent of the nations agricultural output.

CREDIT FOR OUR productional success must also be given to the laboratory accentant for his valuation of the service of both control of the service of the servi

CKEDIT FOR OUR productional success must also be given to the laboratory scientist for his valuable research in the improvement of both plant and animal strains as well as to the invention and improvement of new machines and more efficient transportation methods.

JUROR JOHN A. Jacobson, an instructor at Arts and Crafts in Detroit, examines one of the works submitted for the sixth annual Members' Show and Sale at the BAA.

BAA Opens Sixth Annual **HolidayShow**

The sixth annual Members' Show and Christmas Sale opens Sunday from 2 to 5 p.m. at the Bloomfield Art Association, 1516 S. Cran-brook Road, Birmingham.

rook Road, Birmingham.

Approximately 70 paintings and
0 pieces of sculpture were selectd by juror John A. Jacobson, from
rorks submitted by BAA memers, to hang in the gallery
prough Dec. 29.

through Dec. 29.

Aristmas Art Market sale will also take place in the lower level. Mrs. Meyer Cantor and Mrs. Paul Davison are cochairmen of the sale, and Mrs. Robert Larsen and Mrs. Ed Glowacke are assisting. All types of gift items will be available—jewelry, cards and glass, as well as paintings and sculpture.

THE EXHIBITION is held to

simulate public interest in the works of members of the BAA. A maximum of three weeks was allowed from each artist to be juried by Jacobson, an instructor at Arts and Crafts in Detroit. Mrs. C. A. Hall was chairman of the committee in charge of hang ing the show except Monday from 2 to 5 p.m.
