

### Interest In Airport Still Alive

Oakland County's interest in building an airport is not "completely dead," Birmingham Commissioner William H. Burghum cautioned the commission Monday night.

"The county board of supervisors now considering use of the property (the Allen Airport north of Pontiac, which the county purchased last year) for some kind of satellite airfield," Burghum said.

He referred to the county's plans for an airport "to accommodate more single and double-engine planes privately owned and operated."

BURGHUM reminded the commissioners of the resolution they passed last year opposing expenditure of any sums for development of a major airport at the county-owned site.

"I've lost faith in the (supervisors') aviation committee," Burghum said.

"I would not like to see any more expenditure without our supervisors keeping a watchful eye on them."

The county spent \$387,000 for purchase of property for the proposed major jet airfield.

Burghum pointed out that the state aeronautics board has not appropriated any funds for the county proposal but has earmarked money for expansion of Pontiac Municipal Airport.

### Pistons, Royals to Battle On 'Oakland County Night'

It will be Oakland County Night at Detroit's Cobo Arena Saturday when the Detroit Pistons take on the Cincinnati Royals in a National Basketball Association game starting at 8:30 p.m.

The Pistons, in cooperation with The Eccentric, are making special priced tickets available for readers of this newspaper.

"We are only too happy to be able to stage this special night for Oakland County followers of the Pistons," said Director of Staff Fran Smith. "It's our hope to be able to make this an annual event. We also plan to try to schedule at least two games involving Oakland County high school teams as preliminaries to our contests next season."

BATTLES between the Pistons and Cincinnati Royals are among the most bitter staged annually in the National Basketball Association. A year ago the teams split in 12 regular-season contests before the Pistons eliminated the Royals three games to one in the first round of the Western Division playoffs.

This season finds the Pistons and Royals in opposite divisions in the NBA. The Royals went "East" at the outset of the current season when the Warriors moved from Philadelphia and shifted to San Francisco.

The Royals played in Oscar Robertson, the player generally acclaimed as the best all-around center in basketball today.

The "Big O" stands third in the league with a point average of 29.4. He set a league record last season for assists and at present is

BAILEY HOWELL  
 second in this department with a 9.8 average.

DETROIT WILL count on its fine starting lineup of Ray Scott and Bailey Howell at the forwards; Bob Ferry at center, and Don Ohl and Dave DeBusschere at the guards to bring home the bacon against Cincinnati.

Scott appears to have recovered from a sprained ankle which kept him out of action for a week. Howell is enjoying his greatest season as a professional, while Ferry has been more important his rebounding. DeBusschere has upped his average to around 12 points per game, but more important his rebounding and floor play have been of tremendous value to the Pistons.

### Public Hearing Coming On Hills Zoning Law

By DAVE PHILPO Staff Writer

Although a "meeting of minds" has not been reached among Bloomfield Hills city commissioners concerning a new zoning ordinance, they will be pleased to advise the people in the form of a public hearing.

Unable to schedule a joint meeting with the planning commission to discuss revisions of the ordinance, the city commission was scheduled to meet in special session on Wednesday night to set a date for the hearing.

A public hearing must be advertised at least 15 days in advance and it was speculated that a target date during the first week of March would be set.

ALTHOUGH the revisions to the ordinance—recommended by Commissioners Lynn J. Craig, Robert A. Frye and Henry L. Woolfenden—have not been made public, indications are that they deal with height and density of buildings, setbacks and the area devoted to commercial buildings.

The planning commission earlier had recommended that three-story structures be allowed (instead of the present two-story limitation), and that the area devoted for commercial enterprises be enlarged.

MAYOR JOHN C. Bugas said Tuesday night he felt "inclined to follow the recommendations of the planning commission" in regard to all the changes.

He and Commissioner James Beersford previously expressed support of the planning commission suggestions.

The proposed meeting with the planners never materialized since the members of both bodies could not attend on the two dates that were suggested.

BUGAS SAID he had spoken to two members of the planning commission and had learned that several areas of disagreement between the planners and commissioners had been resolved. Several, however, remain, the mayor said. "When did they do all this?"

### Child Clinics To Meet for Year's Review

The annual dinner meeting of the Oakland Child Guidance Clinics will be held at Devon Gables at 6:30 p.m. Tuesday.

At the meeting, the board of directors will review activities of the past year for more than 200 friends of the clinics expected to attend.

Plans for expanding the work of the three clinics in Pontiac, Birmingham and Royal Oak also will be discussed, according to Mrs. Olin Thomas, president of Pontiac. Dr. Thomas A. Petty, psychoanalyst and director of McGregor Center in Detroit, will be the principal speaker.

WITH A BUDGET in excess of \$172,000 in 1962, the Oakland Child Guidance Clinics operated in three locations. The Birmingham clinic is located at 386 E. Maple. Other facilities are located in Pontiac and Royal Oak.

For its program of psychoanalysis and psychiatric treatment of Oakland County children and counseling parents of these children, the clinics are supported by funds from state and county taxes and the United Way.

Mrs. Thomas emphasized that, because of the tremendous public interest in the work of the clinics, the public is invited to attend the annual meeting Tuesday.

Reservations for dinner can be telephoned to the clinic's main office in Pontiac.

EDWARD EMERY, Birmingham attorney and associate municipal judge, is second vice president of the Clinics and Mrs. Karlton Pierce, 231 Hupp Cross Road, Birmingham, is first vice president.

Other Birmingham and Bloomfield residents who serve on the board are: Clark Andreas, 319 W. Glangery Circle, Birmingham; James P. Chapman, 1624 Apple Lane, Bloomfield Township; Dr. John Horsey, 1173 Yosemite, Birmingham; Mrs. John C. Guetterm, 1141 Lake Park, Birmingham; Jack Klarr, 1444 Chesterfield, Birmingham; Mrs. W. E. Mosher, 810 Harmon, Birmingham; Mrs. William J. Scrings, 692 Berrington, Bloomfield Hills; Howard C. Tuttle, 1501 Mansfield, Birmingham; and Dr. William Westman, 364 Roxnor, Birmingham.

### Best of Past Slides Will Be Featured At Regular Meeting

Birmingham Mayor Florence H. Willett will be guest speaker when the Birmingham Rotary Annex meets Monday, Feb. 18, for a 1 p.m. luncheon at the home of Mrs. John Wakveainen, 507 Linden Road.

Mrs. Willett, who is interested in preserving the best of the past in Birmingham, will show slides depicting the beauty of the architecture of old Birmingham homes.

Those on the luncheon committee are Mrs. Paul Grant, Mrs. Frank Kurtz, Mrs. Robert Peck and Mrs. Leon Townsend.

### Maintenance Trucks Aid 1,360 Drivers

Maintenance patrol trucks gave assistance to 1,360 motorists on the Lodge and Ford Freeways in Detroit during the first 11 months of 1962, the State Highway Department reports.

Maintenance Operations Engineer Joseph F. Oravac said the Wayne County Road Commission, which maintains the two freeways on a contract basis for the highway department, removed the vehicles from traffic lanes to the refuge strip and called a garage of the car owner's choice.

### Motherhood Added To Susie's Duties

BLOOMFIELD TOWNSHIP — Susie's skills at police work have Susie, Bloomfield Township's police been demonstrated throughout the dog, has added maternal duties to state by Tubbs and she has con-

tributed her efforts to the local force and surrounding area in a number of cases.

### BLOOMFIELD TOWNSHIP ORDINANCE NO. 78

AN ORDINANCE TO AMEND ORDINANCE NO. 67 KNOWN AS THE ZONING ORDINANCE

The Township of Bloomfield Ordains:

Section 1.01. That Ordinance No. 67 known as the Zoning Ordinance be and the same hereby is amended by amending the Zoning Map included therein and made a part thereof as follows:

A. That the following described property is changed from R-3 One-Family Residential District use to P-1 Vehicular Parking District use:

1. The Westerly triangular part of Lot 5 of Carole Meadows Subdivision measured approximately 117 feet on North line and 0 feet on the South line lying East of and adjacent to Outlot A of Carole Meadows Subdivision, Section 25, Bloomfield Township.

Section 2.01. The provisions of this Ordinance are hereby given immediate effect pursuant to the provisions of Section 11 and Section 14 of Act 184 of the Public Acts of 1943 as amended.

Made and passed by the Township Board of Bloomfield Township, Oakland County, Michigan, on the 11th day of February, 1963.

Deloris V. Little Township Clerk

Lathrup adopted a swimming pool ordinance for a first reading Monday. A second reading and public hearing are required before final adoption.

The ordinance is aimed at controlling the installation, alteration and maintenance of outdoor pools in Lathrup.

As proposed, the prospective pool owner will need the approval of 70 per cent of the property owners within 200 feet of the lot on which a pool will be built before he can apply for a building permit.

IF UNABLE to get the requisite percentage of approval, the property owner could then appeal to the city building inspector. If refused a permit, he would still have recourse to the zoning board.

The zoning board would be empowered to limit modifications and variations of the ordinance. The pool structure must not add to flood hazards nor can its apron be higher than the grade level of the house.

It cannot endanger public health, safety, comfort and welfare and it must not increase congestion on public streets. The marketable value of adjacent land and building also must not be diminished by construction of a pool.

### Security Methods Topic of Talk By Police Chief

Milton Sackett, Southfield chief of police, and Theodore Yechum, security chief for Northland, Inc., described newest techniques in security methods to a group of industrial and protection officers on Feb. 7.

Chief Sackett outlined the working relationship of the Southfield police department with the Northland security force and explained the value of deputizing private forces.

Chief Yechum described the work of his men and how they cooperate with the Southfield department for maximum effectiveness.

A group of 41 representatives of commercial, industrial and financial concerns in the Detroit area attended the class, the first of 16 in a course on industrial security and plant protection management.

QUALITY SERVICE  
 THE PRESCRIPTION PHARMACY

To pay for Knowledge is Often Real Economy . . .

Can you measure the value of an examination and diagnosis by your Doctor? The fee paid to him is not for work alone. It is also for his knowledge, for knowing what to do.

Likewise there are years of study and experience that are a part of every prescription dispensed. Consider this, and note that the pharmacist's fee for professional knowledge is but a small part of the moderate cost of your medicine.
