Zoning Prevention of Acreage Loss

By NITA HARD Special Writer

BINGHAM FARMS—Newly elected village president James McGuire was confronted Monday night by residents concerned about further incursions by annexation of village property by its heavy-weight neighbor, Beverly Hills. Nine acres were annexed in March when Beverly voters outnumbered the slight Bingham electorate.

The possibility that more acreage will be petitioned for annexation by developers has prompted the Bingham Farms council to investigate preventive measures.

Reverend Donald Alorton Johnston, Jr., will continue as Village street commissioner until a replacement can be named. Johnston and former assessor David Stanny were thanked by resolution for services performed during their terms in office.

ARRANGEMENTS to enter into a contract with the Oakland County DPW for capacity rights in the Evergreen Interceptor progressed Monday night, although several details still have to be worked out.

Councilman Dr. Paul Bartlett was assigned to work with County DPW authorities to determine the extent of village sewage believed to be entering the Rouge stream in the area.

The village will also pick up the medical tab for recent injuries sustained by councilman William Hyland. Hyland broke his right wrist after falling on the ice in the course of his duties for the village.

Hyland demurred about accepting reimbursement but agreed finally to submit his doctor bill upon council instruction.

Board Moves out of Committee

Two amendments were made to the Senate-backed proposal that all Michigan school districts which provide bus transportation for public school children do so for private and parochial schools.

The bill was reported out of the Senate Education Committee this last week by a unanimous vote.

One change would not make the bill effective until July 1, 1964. The other amendment involved a requirement to bus nonpublic school children up to eight miles out of the public school district. This part of the original bill was dropped.

POSTPONING the effectiveness of the bill, according to Sen. William C. Milliken (R), Traverse City, would avoid unbalancing the governor's recommended general fund budget of \$547 million for 1963-64.

Backers of the bill say it would cost about \$1 million annually. The state of Michigan pays 75 percent of bus costs. Present costs are about \$13 million.

Twenty-eight of the bill's signers or sponsors indicate a preponderance in favor of it in the Senate. There are 32 senators. There is more opposition expected in the House.

THE BLOOMFIELD HILLS School board has rejected opposition to its stand against the bill, William A. McQueen and Fred A. Chapman have protested the board's distribution of literature on a piece of legislation. Chapman is a member of the township planning commission.

School Supt. Eugene Johnson said board members had contacted attorneys and had been advised that their action was legal.

Board President Dr. Charles L. Bowley said it was the duty of the board to inform residents in such areas as the board. The board, along with all registered voters in the district, they also sent Gov. George Romney an open letter.

VOTE COMMISSION DENISON

IN OTHER action the board appointed James Little as director of the elementary summer school program and Charles Buel as director of the secondary summer school.

The board established fees for the summer school session. Elementary school fees were set at \$35 for resident students, except typing, \$25, and nonresidents \$38, except typing, \$28.

Fees for secondary resident students will be \$25 for two-hour courses and \$35 for a four-hour course or two, two-hour courses.

Nonresident fees will be \$28 for two-hour courses and \$43 for four-hour courses or two, two-hour courses.

Notice thereof be given by publication of a copy hereof, once each week, for three successive weeks, previous to said day of hearing, in the Birmingham Eccentric, a newspaper printed and circulated in said County, and that anyone having a copy of this notice to be served personally or by registered or certified mail, return receipt demanded, to each of the known heirs at law, legatees and devisees at their last known place of address at least ten days prior to said day of hearing.
