

GOP Plans Work Session At The Community House

An 18th District GOP meeting is slated for 8 p.m. next Thursday at The Community House in Birmingham, according to Charles Lyle of Birmingham, district chairman who is in charge of making arrangements.

The meeting is one of a series of district organizational work sessions being staged by the Republican party throughout the state during May designed to boost a growing organizational effort within the Michigan GOP.

Arthur G. Elliott, Jr., of Bloomfield Hills, state chairman, says the "enthusiasm among Republican party members, as well as many independents, in the future of our party has prompted us to call these planning meetings."

THE PARTY LEADER says the two-hour give-and-take sessions will include a rundown of the schedule of events for the balance of 1963, presentation of voter trends and a discussion on general fund-raising activities, effects the new constitution will have on party organization and a discussion of the party's new and expanded educational program.

Looking ahead to the 1964 presidential and congressional election campaigns, Elliott says "our leadership officials, as well as key grass-roots workers, are continuing to build an ever stronger Republican organization in Michigan. While many of these people have volunteered their services to the Coordinating Committee for the New Constitution to act as county recount chairmen, watchers and

legal advisers in the upcoming statewide recount, they also have signed up to participate in our Michigan Week activities with interest and enthusiasm."

The meetings will be attended by county chairmen, vice chairmen, financial and legislative committee chairmen, Republican State Central Committee members and other special party leaders.

The sessions will be conducted by Elliott and John A. (Jack) Gibbs, director of organization and education.

From an all-day conference on "Woman's Place in This Perpetuating Century" in fashion shows, educational demonstrations and dedication ceremonies, Oakland County's observance of the 10th Michigan Week beginning Sunday offers a choice of activities for participation by residents of all ages.

Immediate reservations have been especially urged for two county-wide feature events by Robert J. Huber, Michigan Week's general chairman for Oakland County.

The two events are the all-day conference on "Woman's Place in This Perpetuating Century" in fashion shows, educational demonstrations and a luncheon featuring a heritage fashion show and historic ceremony at the Michigan Club on Friday.

and place in the junior division for her photos of activities at Quanon Lake.

Third place in the senior division went to Donald Dance, 2592 Lanier Drive, Troy, for his photograph of the waterfall at Quanon Lake.

ALL OF the winning photographs and many of the other entries will be on display in Birmingham store windows throughout Michigan Week, May 19-25.

The winners will be awarded certificates at a special luncheon at The Community House on Friday, May 24.

lion dollars means almost nothing to him.

He estimates he handles about one billion-one hundred million, including \$25,000,000 in sales, a week.

In thinking about the assignment beforehand, I had hoped a lot of colorful and exciting thoughts would pass through my mind as I sat and drooled over the money.

I WAS sure such things as visions of myself on a "boat" or the world's biggest behind-the-wheel of an \$850 yacht or piloting my own luxury airplane would cross my mind.

But nothing of the sort happened. My mind went completely blank (our managing editor has accused me of this several times when there was no money involved).

The sight of that much money in one spot has such a tremendous effect that it's almost impossible to think about anything except what is directly in front of you.

A MILLION dollars in small bills weighs about 176 pounds or the same as a good football from Notre Dame. If the bundles were stretched end to end they would take up 40 feet of space.

A bundle of 20-dollar bills, with Andrew Jackson's shining face on them containing \$40,000 was about as big as a good-sized rainbow trout (I wish I'd brought my fishing creel).

Was I discussing the merits of money in general with officials of the bank, I learned much to my dismay that some of the money would soon end up in a furnace.

IT SEEMS the old worn-out bills are torn in two and shipped off to Chicago by the Federal Reserve Bank to be destroyed. Half of the bill is sent one day and the other half the next.

An offer to help with the good bills are torn in two and shipped off to Chicago by the Federal Reserve Bank to be destroyed. Half of the bill is sent one day and the other half the next.

After about an hour, Schroeder informed me that the bank wanted its money back and it was time for Bill and I to go home. As a parting question, I asked what the average income is the Detroit area was.

"About \$7,200," Money-bag" (as he is known to banking circles) Schroeder said as he recounted the money and placed it in a large leather bag.

ALTHOUGH MY math is not the best in the world (as the pretty tellers at the Woodward-14 Mile branch of Detroit Bank and Trust will testify) I would take the average man over 19 years to make his first million.

I still have a long way to go.

Bike Inspection Set at 5 Schools For Saturday

The Birmingham Kiwanis Club-Police Department annual bicycle inspection will be held on the playgrounds of five schools in the area Saturday.

Schools that will participate in the program beginning at 9 a.m. are Midvale, Quanton, Torry, Pennington and Pierce. In case of rain the program will be postponed to June 1.

Representatives of the Kiwanis Club and the police department will be at each school to inspect the bicycles for safe conditions, supervising the riding over the safety course, issue the \$1 license and present awards to the top bike owners.

A SCOTCH glow inspection emblem sticker will be presented for each bicycle that is in safe condition and a gift for use on each bike will be given to everyone.

The program is under the direction of U. Robert Schulte and Patrolman Darryl Brustle of the Birmingham police, who are also members of the Kiwanis Club.

Citizens League Will Implement Conference Goals

Speaking on behalf of Oakland Citizens League President William H. McLaughy, Mrs. G. Howard Willett Tuesday expressed the non-partisan group's willingness to cooperate on implementing goals of last week's conference on the six-county Detroit metropolitan region.

The former Birmingham mayor represented the Oakland Citizens League at Tuesday's session in Detroit.

Attending were representatives of the 30 business, cultural, religious, educational and labor groups which provided financial support and talent for the May 6 conference at Cobo Hall.

Work to Free Accident Victim

Mrs. Anna Barret of Detroit was trapped 30 minutes in her car after striking a tree at Hunter and Oakland Monday afternoon. Witnesses told Birmingham Police Mrs. Barret, 51, was driving along in a normal manner when she suddenly slumped over her wheel and crashed into the tree. It took the efforts of the police, fire, forestry departments and a private ambulance crew to free Mrs. Barret from the auto. She was reported in fair condition Wednesday at St. Joseph Mercy Hospital, Pontiac.

LWV to Sponsor Meeting for B'ham B-E Candidates

The Birmingham League of Women Voters will sponsor a "candidates night" for the Birmingham Board of Education Wednesday, June 5, at 8:15 p.m.

League officials said that such a meeting to be held in the Little Theater of Seaholm High School will give each candidate an opportunity to state why he is interested in serving on the board of education.

League officials said that such a meeting is "particularly important" at this time because of the fact that board president Mrs. Kathryn Loomis is not seeking reelection and the candidates have not had the opportunity to become widely known to the electorate.

The LWV Voter's Guide, which will be distributed through the elementary schools Tuesday, June 4, will contain additional biographical information on each of the candidates.
