Wood Creek Okays $7,550 Road Budget

By NITA HARD
Special Writer

WOOD CREEK FARMS — The council approved a $7,550 road budget for the fiscal year of 1963-64 and held a joint meeting with six of nine planning commission members to discuss village matters last week.

Street commissioner Jack Richards was authorized to renew a road contract for the coming year which will be nearly identical to present arrangements. Care of the roads will involve a program of grading, dust control, ditching and snow and tree removal.

Village President Norman Krieder reported that continued investigation of the status of the tiny cemetery within the village for maintenance purposes reveals little new information. Records of the cemetery in the county offices began in 1837 and indicate that the property was once deeded to Farmington Township, then later to the Farmington Cemetery Association. However, there is nothing to show whether the association still exists or who is responsible for the care of the property.

HE ALSO REPORTED the surety companies holding a performance bond for the Sandfill Co. have been notified work contracted for the completion of a fill project, at the corner of Wellington and Northwestern, had not been done satisfactorily.

A special meeting will be called later this week to review the proposed agreement with Vilican and Leman Associates who are to make a professional study and revision of Wood Creek's zoning ordinance.

The zoning suit brought against the village by developer G. W. Smith and Mrs. Smith for the rezoning of four outlots was heard Tuesday in the state supreme court. No decision is expected until late this summer, Krieder said.

TENTATIVE APPROVAL was given a request to divide 10 acres on 12 Mile Road into four parcels. The planning commission approved the proposal as presented by Professional Engineering Associates pending an opinion from Village Attorney Wendell Brown. The former E. J. Miller property was recently purchased by Mrs. R. T. Hatt and will be used for residential purposes.

Notice also hereby given that the Commission of the City of Birmingham will meet in the Commission Room in the Municipal Building in said City on Monday, the 17th day of June, 1963, at 8:00 o'clock P.M. to review said assessment, at which time and place opportunity will be given to all persons interested to be heard.

Scott Turns on Heat To Boost Milk Sales

When the American dairy industry chose George D. Scott, former Birmingham resident, to spearhead its annual "June is dairy month" promotion, they got more than they had bargained for.

Traditionally, the national chairman of June dairy month, a 30-day promotional program, has largely been a ceremonial role.

Not so with Scott, an Ex-Cell-O Corp. vice president and general manager of its dairy packaging equipment division. He thinks the dairy industry needs revitalizing and has taken to the stump to urge Americans to increase their milk consumption. He'll keep at it after his term of office ends in September.

* * *

SCOTT, A representative of the Dairy Industry Supply Association, told dairymen, "As far as per-capita consumption is concerned, we are actually going downhill.

"It is true we are spending millions of dollars in advertising this, that, and the other brand. But, as a general rule, we are not doing a job of selling the superiority of milk and dairy products themselves to the consuming public.

"We must join together to build back our market. Certainly a sales increase resulting from an increase in over-all consumption is just as profitable and we do not have to take it out of our competitor's hide."

* * *

WITH EVANGELICAL zeal, Scott, the father of George C. Scott, noted Detroit actor and two-time Academy Award nominee, has criss-crossed the country making speeches.

He estimates that since becoming national chairman at the beginning of the year, he has traveled thousands of miles and has spoken to thousands of people in television, radio, and personal appearances.

Romney Drops Selection of Hills Doctor

The nomination of a Bloomfield Hills osteopathic physician to the State Board of Osteopathic Registration and Examination has been cancelled by Gov. George Romney.

Dr. John P. Wood, 664 Rudgate, Bloomfield Hills, was nominated May 14 to a five-year term. He would have succeeded Dr. O. L. Brooker, of Livonia.

* * *

ROMNEY commented, "I've changed my mind. I don't intend to indicate why I picked him or why I changed my mind."

Dr. Wood was president of the Michigan Association of Osteopathic Physicians and Surgeons in 1935-36; president of the American Osteopathic Association in 1946-47 and president of the American Osteopathic Academy of Orthopedics from 1945-47.

Hi-12 Club Plans Springdale Picnic

City commissioners last week granted the Birmingham High Twelve Club permission to use Springdale Park for their annual picnic.

About 100 persons are expected to attend the affair on Monday, June 17, from 5 to 8:30 p.m. The picnic will consist of dinner and games for the youngsters, according to Howard R. Coe club first vice president.

Commission permission is needed for all large group gatherings at Springdale.
