Spreading Good Cheer

Those past few weeks have been busy ones for the children at St. Mary’s School. The schoolchildren have been collecting and wrapping toys and clothing to send to the needy children of La Mersi school in Caracas, Puerto Rico. Some of the presents are shown above. Already six cars containing hundreds of presents had been loaded, and it was expected that they would reach the school by “Little Christmas.” Jan. 6.

“THE VERMOUTH THAT’S DRIER THAN GIN ITSELF.”

Every drop of Gancia Extra Dry makes your cocktail clearer. It’s a fact—Gancia’s drier than gin itself. Made in Italy for the American taste, it’s the perfect aperitif partner for your favorite gin or vodka. Say “G'na-chia.” Do say it soon.
