Named Kelly VP

Kelly's is proud to announce that Mrs. Kelly's Girls' Nursery School is not only expanding, but also changing its name to Kelly's. This exciting development follows the successful completion of the school's new building and the addition of several new classrooms.

The new facility will provide a state-of-the-art environment for children, offering a range of educational and creative activities. The school will continue to focus on providing a nurturing and stimulating environment for children from nursery through the early years of primary education.

Mrs. Kelly's Boys' Nursery School will also be renamed as Kelly's Boys' Nursery School. This change reflects the school's commitment to providing equal opportunities for all children, regardless of gender.

The Kelly's Girls' Nursery School and Kelly's Boys' Nursery School will continue to offer a unique curriculum that fosters individuality, creativity, and academic excellence. The schools will also maintain their strong emphasis on social skills and emotional development.

Kelly's Girls' Nursery School is expected to open in September, and Kelly's Boys' Nursery School will follow in October. Both schools will welcome applications from families looking for a high-quality, supportive, and inclusive early education environment.

For more information or to schedule a visit, please contact the schools directly.
