

It's been a busy week for Robert Haslam, manager of our Woodward-Hamilton Office in Birmingham. He has said "yes" to loans that have helped people buy nine cars, three new kitchens, two garages, a college education, a boat and a bridge (dental variety). He and his staff have also helped people open 15 checking and 22 savings accounts. (And tonight he has a church meeting.) What kind of people has he helped? People just like you. And you'll meet someone just like him in any one of our 62 offices.
