

*This is the car—*

*That holds  
the rack—*

*That carries  
the skis—*

*That skim the snow on the  
Taylor family's winter vacation*

**And this is the bank that made the loans that helped them enjoy all four right now. We also pay interest on the Taylor's savings account, keep them supplied with checks for their checking account, and protect their valuables in a safe deposit box. These are just some of the things we do to help the Taylors. We'd enjoy helping you, too.**
