

### Re-Elect Schlosser To State Conference

Birmingham building official Richard Schlosser has been re-elected to the board of directors of the Michigan Building Officials' Conference.

Schlosser's election was announced at the group's recent meeting in East Lansing.

Other officers include Curtis Padgett, Oak Park, president; Gerald Sands, Detroit, vice president; Richard Sanderson, Livonia, secretary-treasurer.

### Sandoe

(Continued from 3-A)

discover God's world and to make our world His world.

"If there is no field in our society more crucial to man's future than education, I would submit that there is no level of education which can be more significant than that of the secondary school, and further I would submit that there is no kind of school which is more ideally designed for taking advantage of new educational techniques and developments than the independent school—which stands as its own master, free to move or change, to hold the line, in accordance with its own values and principles, and with its work made available in the market place of free enterprise.

"And I would finally submit there is no independent, secondary school in this country which has the potential for significance and leadership than Cranbrook has."

THE RT. REV. Archie H. Crowley, suffragan bishop of the Episcopal Diocese of Michigan, offered the benediction to conclude the ceremonies.

Mr. and Mrs. Hayden were hosts at the reception after Cranbrook School scored a double athletic triumph, defeating Howe Military School in football, 22-0, and in cross-country, 15-42.

Sandoe succeeds Harry D. Hoey, who retired Aug. 1 after being on the faculty since 1928, a year after the school opened, and being headmaster since 1950.

A graduate of Dartmouth, with his master's degree from Wesleyan University, Sandoe came to Cranbrook School from Texas Military Institute, a 70-year-old San Antonio institution sponsored by the Episcopal Diocese of West Texas, where he was headmaster since 1961.

### Elly Recommends 'Total Commitment' Senator for State

By KEN WEAVER  
Managing Editor

Mrs. Elly Peterson, the woman from Charlotte who wants a seat in the U.S. Senate, is running on her opponent's record.

"Only trouble is, she doesn't really believe he has one."

Mrs. Peterson, 50-year-old Republican leader opposing Democratic incumbent Philip A. Hart, told a group of Birmingham businessmen Friday that the state needs a senator who will make a total commitment to Michigan.

Then she added, "Not a total commitment to the administration, not a total commitment to a political party but a total commitment to every one in this state."

MRS. PETERSON'S visit to Birmingham came as part of a "GOP Caravan" touring Oakland County Friday. Stops were also made at Berry Industries, 2400 E. Lincoln, Birmingham, and A.M.T. Corp., 1225 E. Maple, Troy. She spoke again Monday noon at the Birmingham Rotary Club luncheon in The Community House.

In her talk to about 50 Birmingham businessmen, the candidate said that if elected she would maintain her home full-time in Michigan. "This is not done by our present two senators," she declared.

Speaking of Hart's record in the Senate, Mrs. Peterson posed these questions:

"What happened to the defense contracts that used to come to Michigan?"

"What happened to the slogan of the candidate six years ago who said he'd do so much for Michigan? It looks like Teddy Kennedy was able to do more for his home state of Massachusetts."

MRS. PETERSON said "education is the key to many of our problems, not more and more programs" for spending money. She said she would "work closely in the area of vocational education, to help train people to use their hands."

As for Hart's record in education, she said he has been a proponent of federal aid, backing all of the administrative proposals to the point that "they don't want him to back any now."

Mrs. Peterson said she is "definitely opposed to Medicare under social security. This is one of the greatest hoaxes ever perpetrated on the American people." It would not provide the proper care for the elderly sick, she maintained.

"I WOULD believe it is part of our heritage to take care of our elderly people . . . those in need . . . through private insurance . . . perhaps with a tax credit."

The candidate also said it would not be wise to "deny the people the right to make as much money as they can without jeopardizing their social security."

Mrs. Peterson pledged to return to Michigan twice a month and to appoint committees to help keep her advised on state problems if elected.

### Beverly Hears Third Liquor License Query

BEVERLY HILLS—Another request for a Class C liquor license came up before the council in the regular meeting Monday.

The request was the third in two months for this village which at present has no Class C licenses. It was made by William N. Gilmore, 32075 Waltham Road. The county liquor commission has asked that one applicant be recommended "above all others."

The request was tabled pending receipt of further information on the location of the proposed vending establishment.

The other two requests are also waiting further action on the part of the petitioners. The village has not made a decision on whether it will allow Class C licenses at all.

IN OTHER business, the council authorized a street light at 13 Mile Road and Churchill Drive requested by Huntley Subdivision, which will pay the lighting costs.

The village manager will request bids on water improvements for Nottingham Forest subdivisions 1 and 2 for presentation at the Nov. 2 meeting.

The Hartner property at Beverly and Waltham roads could be subdivided once more with platting, the council decided.

An emergency fire prevention ordinance was proposed by Councilman Edward M. Shurtloff and adopted by the council. It would prohibit burning of trash and leaves on asphalt roads, provide for monthly fire drills in the schools and arrange costs for use of fire hydrants.

THE LOW BID of \$1,340.42 by Courtney Ford for a new police car to replace the 1963 car was accepted. The old car will be taken in trade.

### Murder

(Continued from 1-A)

felonious assault in the stabbing of his cousin's wife.

Sentencing was postponed until August, 1962, when Gravin was technically committed to the hospital, was fined and placed on three years' probation.

PATIENTS convicted of a felony normally are not admitted to state mental hospitals, according to Charles F. Wang, chief assistant director of the state mental health department. They are sent, instead, to Ionia State Hospital for the Criminally Insane.

Gravin was released on "bona-fide" status from the hospital in 1963. The decision to release him permanently was made after a talk with Mrs. Gravin, according to hospital officials.

Meantime, the slaying victims were buried Friday morning in Troy. Five gray hearses, led by a black one, transported the bodies from brief, private services at Gramer Funeral Home, Clawson, to Perin Cemetery, city-owned property near Berz Airport.

### 5-Mill School Operating Tax OK'd in Troy

A five-mill operating tax received voter approval in Friday's Troy School District special election but a proposed \$4 million construction program was rejected.

The millage proposal passed by 23 votes, 1,001 to 975, while the bond issue proposition was turned down by a 140-vote margin, 1,041 to 901.

School officials were elated over passage of the operating tax, which had been turned down on four successive tries since 1961.

School officials were elated over passage of the operating tax, which had been turned down on four successive tries since 1961.

Property owners will pay a tax increase of \$8.13 per \$1,000 of assessed valuation, but not until next year. Cost of the \$4 million building program would have been \$2.94 per \$1,000 assessed valuation.
