If you run across some chocolates that have turned white with age, don't throw them away. Food specialists say that this is simply a sign that some of the cocoa butter has separated out. This happens at temperatures of about 85 degrees.

The greater part of progress is the desire to progress. —Seneca

A GAS DRYER BEATS A CLOTHESLINE EVEN WHEN THE SUN SHINES

Take two bath towels... dry one outdoors and the other in a friend's clothes dryer. Note how much fluffier and wrinkle-free the towel is that comes from the dryer. Do a load of laundry in your dryer and count how many pieces you can fold and put away that you would ordinarily iron.

Only 17 cars (and they're all Fords) offer all these exciting new features for 1965!

From a new series of limousine like ultra-luxurious Fords (Galaxie 500 LTD's)... sporty XL hardtops and convertibles... to the most dramatically improved wagons in 15 years... there are 17 full size Fords to choose from. This is the widest selection in the whole popular-priced field. And these Fords offer features you won't find on other cars—at any price.

New body-frame-suspension system—Result: The strongest, smoothest Fords ever built. And the quietest—their all new frame, body and suspensions virtually seal off noise and road shock.

New—automatic transmissions are all 3-speed automatics offered on some competing cars.

New 240-cu. in. Big Six—Gives you low gas bills, high performance. Bigger 6-cylinder engine than in any competing car. (V-8 powered Fords are livelier this year, too.)

New Safety-Convenience control panel—This luxury option lets you lock all doors with the flick of a switch. Also: lights warn you when front's low doors are ajar, and remind you that seat belts are unfastened.

New and bigger trunk—Generous room for various sizes and kinds of luggage as illustrated... or room for four big 2-suiters upright.

New dual facing rear seats in Ford wagons A Ford exclusive, ideal for families up to 10. Seats fold down to give you 7.6 cu. ft. of lockable, below-deck storage space.

New reversible key—No more fumbling with an amful of packages, to get the key right side up. Ford's exclusive new reversible key is the same on both edges. It works no matter which side is up.

New interior spaciousness—Lower transmission tunnel, new "sweep-back" dash, and other interior changes make these the most comfortable Fords ever.

New array of courtesy lights—Illuminated doorway, ash tray and interior. A real convenience for night driving.

Take a test drive—From special new 15" low-profile tires (better traction—longer tire life)... to new windows with stylish curved side glass (more shoulder room)... the list of new features goes on and on. The total result is something you simply have to see, feel, touch. Come in soon.
