We predict that the reaction of many people when they first see a 1965 Mercury drive by will be: "What car is that?" Mercury is that new. The look is new. Completely. Low, sleek, beautifully proportioned. (Notice the long, low proportions of the hood, the full-width grille, the unique pillar lights on the front fenders.) The ride is new, lt's solider, quieter. Inside, there's an extensive selection of options for personal customizing-luxury features once reserved only for the most expensive cars. The idea behind all this newness is to bring

you the most luxurious, best-riding car in its field ... a Mercury' that accurately reflects the Lincoln Continental tradition. See how well the idea works—at your Mercury dealer's. No mediumprice car has ever come so close in luxury to the high-price class.
