

Isn't the most you can give the least you can do?

 Surely, none of us would wish to disappoint this little girl. Or shatter the confidence with which she awaits our help. And none of us could say "no" to thousands of other children and adults—the crippled, the abandoned, the desperate—who rely on the 204 agencies in the UF for their help. Someone will call soon to enlist your support for them. Please respond even more generously this year.
