Gone Fishin'

Felix Harrison of 875 Vinewood, Birmingham, is pictured with the blue marlin he caught at Little Dix Bay in the British Virgin Islands recently. The fish tipped the scales at 203 1/2 pounds and earned Harrison a second place in the annual Blue Marlin Fishing Tournament and a trophy for his efforts. In all, 91 game fish were landed during the three-day tournament.

Edged Lathrup Begins Sidewalk Repairs

Groves did manage to drive deep into Thurston territory in the second quarter when they were trailing just 7-0. The Falcons got the three-yard line but the drive was stopped.

Thurston collected 126 yards on the ground and 87 through the air. The Falcons will try to get back on the right foot Friday afternoon when they host Detroit Central on their own field at 3:30 p.m. The game is Groves' homecoming.

LATHRUP—City Administrator Jerald D. Stone has already begun sidewalk repairs in the city although the first reading of the new sidewalk construction standards ordinance and the sidewalk repair and assessment ordinance is not scheduled until the council's next meeting.

"I'm going ahead with the sidewalk repairs since the people have been going about complaining," said Stone.

"Most residents haven't objected."

On the sixth set of downs in the second period, Shady Side upped their lead to 14-0 after the Cranes had made a valiant defensive stand.

CRANBROOK STOPPED the winners on the Crane three, but was unable to move and hold. The first dropped back to punt. He fumbled the pass from center and Shady Side recovered the loose ball in the Crane end zone. A two-point conversion made it 14-0. Shady Side added the final score in the third period, going 68 yards in nine plays, the TD coming on a 30-yard pass play. Cranbrook only got as far as the Shady Side 25.

RESIDENTS HAVE been asked to pay the major portion of sidewalk repairs where necessary, although the city contracts for the work so the price is uniform.

The city is also working on the problem of trees which grow under the sidewalks. Stone told the council. He said either the roots are removed or the sidewalk is notched around the tree, and the cost for the service is charged to the DPW budget.

The Crane soccer squad earned a 2-2 tie with a tough Shady Side team. Pete Werbel and Ted Punt scored for Cranbrook. Two overtime periods were scoreless. In cross-country, Petr Elliott's 12:11 paced the Cranes to a 27-28 victory.

Camp Oakland Honors Founder, Names Board

Oakland County Circuit Judge Arthur E. Moore was honored at Camp Oakland's annual meeting Sunday at the Oxford, Mich., camp. The judge was awarded a plaque "in recognition of his services, devotion and understanding to the many children and youth to whom he has dedicated his talents and his energies."

Camp Oakland President Carl O. Barton presented the award on behalf of the 15-member executive committee of the camp's board of directors.

JUDGE MOORE was also recognized for "leadership in the development of outstanding programs on behalf of children and youth, and particularly for his inspiration and imagination which convinced and continues to help Camp Oakland."

The judge, of 1407 Vinetta, Royal Oak, was one of the founders of the camp for underprivileged children.

At the same time the board elected Judge Moore to a one-year term as chairman of the camp's board of directors, an office he has held since May.

Also elected to one-year terms as chairman of the camp's board of directors, an office he has held since May, were Blomfield Hills resident Carl O. Barton, president; Bloomfield Hills residents Robert W. Chambers, Robert Dearth and Mrs. Ben D. Mills, and I. W. Robinson of Birmingham, all vice-presidents.

THE BOARD confirmed appointment of Mrs. Walker Gertrude of Pleasant Ridge, Edward H. Leech of Bloomfield Hills and Dr. Bruce A. Kresge of Rochester to two-year directorships. Confirmed as directors for one year were David Levinson and Herbert H. Gardner, both of Birmingham.

The board heard a report from Building Committee Chairman R. E. Groene of Royal Oak that water pumped from a recently-built well has raised the level of the lake four-and-a-half feet.
