

Thoughtfully, we have made a decision

The signers of this message are not necessarily Republicans or Democrats. We have voted for candidates of both parties. But this election is different. We feel that America is at the crossroads today. We feel that a choice must be made between two very *different* philosophies of government. We believe that Freedom is the most important issue in this election. And we believe that if our present foreign and domestic policies are continued, we shall lose our Freedom.

We will vote for Goldwater-Miller on November 3rd.
