The selectors judged the players independently in the varsity and reserve hockey games which were played in the morning.

After lunch, the teams enjoyed movies of the national hockey teams by Miss Siterlit. At this assembly the awards were presented to outstanding players by the president of the Detroit Field Hockey Association.

The following girls distinguished our school.

INA BROEMAN and Kitty Shannon were selected as members of the first team, all-city. Debby Libby is a member of the second team, all-city. Jean Summerfield, Anette Slavsky and Cathy Hill are members of the reserve team, all-city.

Every Tuesday the girls participate in an old sport at a new location. Orchard Lanes is the new site for our weekly bowling activity. The 17 teams operate on competitive scores.

Each week the averages are compiled and the ones with the highest totals play each other. At the end of the year trophies are awarded to the team with the highest average.

The first quarter of the school year ended on Nov. 6. On Nov. 11, the Scholastic Honor Roll was announced. The girls who have achieved a grade of no less than 85 per cent are Gaylynn Coldwell, Kathy Ploch, Robin Turner, Bonnie Martin, Dale Hower, Marcia McCuen, Nina Spitzley Maj-Britt Tharin.

On the High Honor Roll, those maintaining a grade of no less than 90 are Kristine Johnson, Melinda Brunker and Susan Judd.

THERE ARE 14 girls on the Citizenship Honor Roll. They are Kathy Bull, Andrea Carnack, Lorna Richman, Dotti Wilson, Suzanne Rodger, Mary Monaghan, Marilyn Flint, Margie Foren, Nina Spitzley, Patti Richter, Bonnie Martin, Robin Turner, Dale Hower and Susan Judd.

Thanksgiving recess will begin on Nov. 25th.

## Select School Nickname for Berkshire Jr.

"Trojans" was selected last week as the school nickname. Joining with our school colors of blue and gold, the "Trojans" will stand for our coming output of basketball players and star swimmers.

French students at Berkshire recently spent an evening at the Ponchartrain Wine Cellars in Detroit. In a romantic atmosphere of dim lights and frying swordfish they enjoyed everything from the Catawba grapejuice to the pork chops charcuterie.

UNDER THE DIRECTION of the foreign language teachers and president Chris Russell, the International Club is also planning a trip to Detroit. They will spend the evening at the Masonic Temple to see a Russian Ballet.

Getting their share of strikes and spares is Berkshire's bowling club with a recent score of 208 by John Green. John won 10 free games at Birmingham Lanes where the club bowls every Friday.

The parents of Berkshire's students last week went through an "ordeal" in which they found out what an ordinary day at school is like, in case they had forgotten.

In spite of the problems such as getting lost in the long halls and not fitting into desks, Berkshire's second annual open house was an informative and enjoyable evening.
