Thanks!

The magnificent 1965 Cadillac is once again in production. Our thanks to those unprecedented numbers of people who have already placed their orders. Their patience will soon be rewarded.

All eleven models of the great 1965 Cadillac are once again coming off the production line—and into showrooms. We regret that production had to be delayed more than a month following the announcement of this great new car. For we know the inconvenience that it caused the thousands of devoted Cadillac admirers who have placed their orders. But patience is seldom as richly rewarded as it soon will be for those who take title to this magnificent automobile. The 1965 Cadillac is easily the most exciting Cadillac ever offered. Its new beauty and luxurious interiors surpass even traditional Cadillac standards. Its many personal options have made it the most desired automobile of all time. And its handling ease and cornering ability must be experienced to be believed. Be sure to pay your dealer a visit. See and drive this great car soon.

So new! So right! So obviously Cadillac
