

### Country Day Hosts Bowdoin Alumni

Peter C. Barnard, alumni secretary of Bowdoin College, will be the guest speaker at the fall dinner meeting of the Bowdoin Club of Michigan Tuesday. The meeting will be held at the Detroit Country Day School, with a reception at the home of the school's headmaster, Dr. W. Rodman Snelling, a member of Bowdoin's Class of 1953, at 6:30 p.m. Dinner will be served in the school dining hall at 7:30.

Barnard will be in the Detroit area visiting secondary schools on Tuesday and Wednesday. His address to Michigan area alumni of the Brunswick, Me., liberal arts college for men will include an informal report on current campus topics. Four members of the Detroit Country Day School Faculty attended the Conference of the Independent Schools of the Central States in Chicago this past week end. Philip Dillman, head of the Upper School, John Poplawski, head of the Lower School, and Larson and Hammett of the Science Department took part in work sessions designed to acquaint independent school faculty members with new methods and teaching techniques. They also attended sessions on public relations and administration.

A message of importance for men and women who are concerned about their health.

**If you're over 40  
... Let's face facts**

**Kidney-Bladder ailments strike far more often**

Now is the time to do something about it!

After 40, you're reaching the age when you're more susceptible to the illnesses common to middle age. Among the most distressing are kidney-bladder disorders. If you've ever suffered them, you know the pain and embarrassment involved.

To help relieve kidney-bladder conditions, many doctors suggest drinking 6-8 glasses daily of spring-pure Mountain Valley Water. That's because its "diuretic" (kidney-flushing) effect steps up kidney action, helps you eliminate body wastes faster. Mildly alkaline, it gently soothes bladder irritation, at the same time helps neutralize excess uric acids (thus reduces that "burning" sensation). What's more,

refreshing Mountain Valley Water is "light," non-filling, non-laxative. Regular daily use can make a positive contribution to your health. Costs only pennies a glass ... actually less than a soft drink. And tastes wonderful!

Phone or write today for refreshing Mountain Valley Water. Ask for complimentary literature. Satisfaction guaranteed or your money refunded.
