house for 70 neighbors and friends.
OVER IN Knob Hill, Mr. and Mrs. John A. Poos of Holt Tower gave a dinner party for a few of their neighbors recently. Attending the holiday affair were Mr. and Mrs. Charles Rush, Mr. and Mrs. Martin Menger, The George Peters, the James Hughes, and Mr. and Mrs. John Martin.

This Saturday evening the Poos have invited eight friends from the area for cocktails and dinner.
MRS. GEORGE Rickerd of Randa Road returned last week from a 10-day trip to Florida. While in the sunny South she supervised the repair on the family's apartment caused by the recent hurricane and spent the rest of the time shopping and soaking up some color.

The Still Meadow Garden Club held its Christmas meeting last Tuesday morning at the home of Mrs. Paul Garmus on Burning Tree Drive.

The members made two wreaths to be placed on the entrances of the subdivision and enjoyed a Christmas white elephant exchange.

Annual Meeting Held by Republicans

Dr. John A. Clark, professor of engineering and professor-in-charge of the Heat Transfer Laboratory at the University of Michigan, was guest speaker last week when members of Bloomfield Republican's Women's Club gathered at Bloomfield Open Hunt for their annual meeting and luncheon. With Dr. Clark (from left) it's Mrs. Robert G. Rugg, Mrs. David Ayers, Jr., and Mrs. Samuel Vetrinair, reelected president.

Women Writers Set Job Agency

A job agency to assist Detroit area businesses and organizations in locating professional help in all fields of communications has been created by the Detroit professional chapter of Theta Sigma Phi.

Fran Harris, special features coordinator for the WWJ stations, will be director of the new job agency.
It was created as a service to the community and to members of Theta Sigma Phi, according to Julie Candler, president of the local chapter of the national fraternity for women in journalism and Birmingham resident.

There will be no charge for the job agency's services to either the employer or the prospective employee.

AS DIRECTOR, Mrs. Harris will channel requests for women employees in all phases of communications, including newspaper work, public relations, advertising, direct mail and business publications.

She will provide prospective employers with information about qualified members of Theta Sigma Phi who have indicated that they are available for full or part-time employment. Where no member is available for consideration, Mrs. Harris will refer employers to competent non-member applicants, to whom the job agency's services are extended.

Business and organizations needing professional writing help are invited to contact Mrs. Harris at the WWJ stations, Detroit.

If you haven't already done so, there is still time to winterize your power lawn mower. Drain or use the gas, remove the spark plug and squirt oil in the spark plug well. Wash the mower, then air dry and change oil.

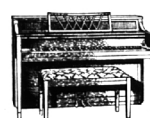

When putting up outdoor Christmas decorations, safety specialists recommend using only outdoor-type rubber-covered extension cords and weather proof lighting strings. Wash the mower, then air dry and change oil.
