2-B Thursday, December 24, 1964

The first swim meet of the year was held on Dec. 11, also, against Dondro at Dondro. The score was Derby—70, Dondro—17.

The Christmas baskets were delivered either to the recipients' homes or to the Salvation Army station on Tuesday.

THE NINTH GRADERS received the results of the English class last week. Mr. Tom Fayler, ninth grade counselor, explained the methods of scoring. They were then sent home for the parents to see.

The Christmas dances, the Sleighride Swing, sponsored by the Student Council, was held last week.

The seventh grade dance was last Thursday, from 4 p.m. until 6:30 p.m. The eighth and ninth graders went to their dance on Friday, from 7:30 p.m. to 10:30 p.m.

Marian Frosh Elect 1965 Class Officers

By CYNTHIA DIEHL
Special Writer

The freshmen class elected officers this week. In the traditional manner, the girls who wished to be elected filed application slips which were approved by the faculty. The class then voted on those approved.

The new officers are Ann Marie Tracy, president; Pat Smith, vice-president; Marilyn Abele, secretary; Paula Gilis, treasurer.

THE NEW Student Council representatives are Pat Raton, Julie Diehl, Peggy Heines, Shirley Hirt, Marie McLaren, Pat Pacholski, Joan Shaugnessy and Marie St. Joanninski.

Marian has been in the debating club for only a few months and has already won two medals for exceptional debating. Both Mary Herman and Beth Alderico won recognition in the debate last Saturday at Catholic Central.

Other members of the club are: Gayla Brandt, Marcia Polonski, Barb DePalma, Diane Atkinson and Barb Bedneaz.

This year Marian is starting a program designed to introduce the incoming freshmen to high school. To carry out this program, seniors were assigned to the parochial grade schools where they discussed the marking systems, curriculum and extra-curriculum activities. They also answered questions from the students.

THOSE WHO were selected for speaking at the schools were: Leslie Mahler, St. Bede's; Martha Dunlay, St. Hugo's; Diane Sybelton, St. Columban; Marianne McLaughlin, Queen of Martyr's; and Cynthia Diehl, Holy Name's.

NEWS OF THE SCHOOLS

Hills Singers Present Concert

More than 125 choir students participated in the 10th annual Christmas Concert at Bloomfield Hills High School Saturday evening. Titled "The Sound of Christmas," the program featured organ solos, combined choir singing and The Jills, (above) a school singing group.

The members are (from left), front row, Linda Pegely, Carol Sarnes, Candy Hershberger and Carol Dameron. Middle row, Joan Aitken, Ann Hageman and Lynn Skinner. Back row, Connie Booth and Linda Applquist.

Dr. Allen Hynck, chairman of the Department of Astronomy at Northwestern University, will be the main speaker. His topic is "What in the Universe is Going On." This Lecture Series, now in its second year will be presented at the Main Auditorium of the Horace H. Rackham Education Memorial.

Groves Students, Faculty Attend Science Lectures

By Ken Zimmerman
Special Writer

Science is a vital area in our world today. Its importance holds true at Groves, where many noteworthy science events are taking place this year.

Mrs. Patricia Sargeant and George Klima were among the four teachers and six students from the Detroit area chosen to attend the 1964 National Youth Conference in Chicago. This four-day affair dealt with the peaceful uses of the atom.

Among the notable personalities who spoke at this conference were Dr. Glenn T. Seaborg, chairman of the United States Atomic Energy Commission; Dr. George Boledder, president of the University of Chicago and winner of the 1952 Nobel Prize for medicine; and Dr. Albert Crove, director of the Argonne National Laboratory, one of the world's largest nuclear research centers.

CAROLE LANDRY, a senior, and Mr. Alan Roswell, a chemistry teacher, represented Groves in the Southeastern Michigan Junior Science and Humanities Symposium at Wayne State University. The purpose of this symposium was to show the relationship between science and the field of humanities.

Ed Bayer, Robert Wallace and Mr. Marvin Parent will represent Groves at the Holiday Science Lecture Series Tuesday, which is sponsored by the Engineering Society of Detroit.

Dr. Allen Hynck, chairman of the Department of Astronomy at Northwestern University, will be the main speaker. His topic is "What in the Universe is Going On." This Lecture Series, now in its second year will be presented at the Main Auditorium of the Horace H. Rackham Education Memorial.

For the past four years Groves has conducted a science lecture series. Since last year these lectures have concentrated on chemistry events.

In addition to giving lectures these speakers talk informally with the students and examine their class projects, which makes this an exchange program.

Among the speakers this year have been Dr. William Elyer, chairman of the radiology department at Henry Ford Hospital; Mr. James A. Fowler, director of education at Greenfield Village and Henry Ford Museum; and Dr. Paul Tomboulain, chairman of the chemistry department at Oakland University.

These monthly lectures are held in room C9 at Groves from 7:30 to 8:30 at night. All interested students are encouraged to attend these lectures, whether they take chemistry or not, for they are very interesting and educational.

In addition to adult lectures, students who submitted projects in the Metropolitan Detroit Science Fair last year have spoken at Chem club meetings about their projects.

STUDENTS WHO have already lectured are J. W. Aiken on polarography; George Klima on periodic precipitation; Carole Landry on thin-layer chromatography; and Rich Braden on the cathode ray.

Those scheduled to give future lectures are J. D. Bartleson on the leaf pigment separation and Jim Samanen concerning corrosion chemistry.

Bob Pettit of the St. Louis Hawks recently became the first professional basketball player to run his career point total to over 20,000. Pettit has lost none of his brilliance this season. He continues to average better than 20 points per game.

THE CHAPTER now has a membership of close to 50 boys and is keeping them busy with student aid work plans for this year's college night.

Each year the society holds a college night for the upperclasses and colleges all over the country send representatives. This year college night will be held in mid-March, but work has already begun in preparation.

Terry Palms is general chairman of the night, and he is aided by Greg Pokopik, program chairman; Jim Kastley, ushering chairman; Rick Hnath, letters chairman. College night is held at Brother Rice to give the students a chance to talk to men from the different colleges.

Although the National Honor Society at Brother Rice is for upper classes only, the Aquinas Chapter is planning to start a junior National Honor Society in the near future. George McLaughlin, a member of the society, is heading a committee to start this Freshman-Sophomore activity.

THE DRAMA CLUB at Rice is once more very busy with the sponsoring of a talent show and a bootcamp for the student body. Mike Gibson is in charge of the talent show along with Paul Otto, and is now busy collecting acts for this intra-school activity. Dick Kreuz, another member of the Drama Club, is working hard on a proposed bootcamp for the late winter.

Students at Rice are now scanning the school library for material to use in the Genesee Reading Festival to be held here this year. The Drama Club is sponsoring this event which is a city-wide affair. The categories of the contest include dramatic reading, multiple readings, children's literature and Shakespearean plays.

School Choir Featured In Berkshire Concert

By SUE DICKSON
Special Writer

"Holiday Montage", Berkshire's Christmas concert, was presented Wednesday evening, Dec. 16. Singing both religious carols and lively numbers, the combined eighth grade choruses were directed by Mrs. Eleanor Balaam.

On stage, in conjunction with the songs, choir members took a cardboard "sleigh-ride" by Haulokah candles, and really did "in a star on a twinkling tree" as one of their selections suggested.

The swimming team from Berkshire broke two school records at our second swimming meet as the Trojans outpooled the Badgers from Barnum by a score of 57-30.

THE BERNSHIRE CHAPTER of the Future Teachers of America had a festive last week. Their tutoring system was discussed and members were appointed to different tutoring jobs.

THE ART CLUB OF Berkshire saw color slides of Christmas paintings and had refreshments at a party which was held last Wednesday after school. In this club members may try doing any project that interests them. At present most students are working on Christmas decorations and presents for friends.

The officers of the Art Club are Shirley Biney, president; Jan Smith, vice president-secretary; and Mike Vaughan, treasurer.

A Volkswagen, obviously.

It's easy to spot a VW. It's the one that keeps moving through the snow. A VW will go up icy hills when other cars won't go at all. The engine is in back, where it gives the rear wheels much better traction.

And because the VW engine is cooled with air, not water, there's no need for anti-freeze. No chance of the block cracking. (No boiling over in summer!) No draining. No flushing. No rust. You can park a VW outdoors in sub-zero weather and it's ready to roll as soon as you turn the key.

If there isn't any ice and snow around when you try a VW, don't think you can't judge the car's extraordinary abilities. Just come in and take a VW for a run. Through some sand or mud.

Rice Honor Society Offers Tutor Service

By JIM BODARY
Special Writer

At Brother Rice this year, any student can take advantage of a tutoring program, offered by the Aquinas Chapter of the National Honor Society. This tutoring service is rendered free of charge by the members of the society.

If a student is having difficulty in some subject he may be recommended by his teacher to, or on his own initiative ask for a tutor, well versed in the subject, to help him. The request for aid is given to Brother McKenna, who in turn gives it to one of the members of the society.

To become a member of the National Honor Society, a student must maintain a better than a 90 percent average in all his subjects, must be active in at least two activities other than sports and must have the recommendation of three faculty members.

THE CHAPTER now has a membership of close to 50 boys and is keeping them busy with student aid work plans for this year's college night.

Each year the society holds a college night for the upperclasses and colleges all over the country send representatives. This year college night will be held in mid-March, but work has already begun in preparation.
