Four to Battle For Wood Creek Trustee Posts

"Buck" Johnson took this picture. The kids-Karen, Greg and Kit—are his. The vault and the manager of the Ferndale office (John Farr) are ours. Buck keeps savings accounts for each of the children at Detroit Bank & Trust. He and his wife also save with us, have a checking account with us and Buck counts on us for business financing. You might say we play an important part in the Johnson family picture. We could in yours, too.
