Medical Auxiliary Slates Luncheon, Fashion Showing

"Prelude To Spring" is the theme of the forthcoming luncheon-fashion show to be presented by members of the women's auxiliary of the Oakland County Medical Society.

The benefit, scheduled for March 11 at Oakland Hills Country Club, will help provide scholarships for student nurses.

Chairman of this year's affair is Mrs. Kenneth Urwiler of Taunton Road. Co-chairman is Mrs. Thomas Varbedian of Gontotall Lane. Committee members include Mrs. Kenneth Porter and Mrs. Robert Pool of Birmingham, Mrs. John Ylvisaker of Clawson and Mrs. Lazaro Gelstein of Pontiac.

Flashing Teeth Provide Incentive

Strong, healthy teeth that flash through a youngster's bright smile—outlining a crippled body deformed by paralytic disease—is the only incentive that has kept the Detroit District Dental Auxiliary in high working gear since its formation in 1947.

Housed in the basement of the Detroit Orthopedic Clinic, the dental clinic is maintained for children afflicted with polio or other crippling diseases who cannot routinely be cared for in private practice. Last year, the staff dentist and orthodontist treated more than 300 youngsters in their Thursday "open house."

FUNDS FOR the clinic are not provided through any agency, but through projects initiated by the Dental Auxiliary, a group of more than 250 Detroit and suburban-area dentist wives.

Although many supplies have been donated by dentists or schools of dentistry, the Auxiliary has raised enough to provide a special "easy to get into" chair, and a high speed drill.

Their projects include an annual benefit dinner dance, held this year on Jan. 25 at the Statler-Hilton Hotel, a "Mad Hatters" tea and card party slated for Feb. 15 at the J. L. Hudson Co., a rummage sale, planned for April 6-7, along with periodical theater parties.

The Auxiliary also plays a vital role in the financial operation of the Children's Dental Clinic at Harper Hospital, which serviced 4,000 patients during the past year.

This year, the Auxiliary has taken on the responsibility of providing a new dental x-ray machine for the dental clinic.

"Although there is one sitting in the clinic that was used before, it is completely unworkable and unrepairable, and without it a dental examination is not com-

plete," said Mrs. Murray Clark, 4029 Country Club Drive, Birmingham, president of the organization.
