REAFFIRM

by Dorothy Gray

BECAUSE Reaffirm works more effectively than any single lotion, cream or astringent to smooth, firm, tighten your skin, make it feel so young and fresh! Many years were spent in research at the Dorothy Gray laboratories. The purpose—to discover a formula to really work against relaxed skin, dry lines and creases—to create a blend of gentle astringents and rich emollients, a delicate blend not a heavy mask, to bring your skin a joyous freshness and radiance.

The Dorothy Gray scientists discovered that two ingredients were the secret... ingredients that would tighten pores, stimulate circulation. These they carefully balanced in a formula designed to give the greatest possible benefit. The result—Reaffirm—gentle as a lotion, smoothing as a cream, refreshing as an astringent. A product that can really live up to its promises.

Reaffirm has been tested by dermatologists. Reaffirm has been tested by scores of women. The results have been truly amazing.

Reaffirm has helped counteract puffiness, it has smoothed, softened and given a new, younger look. Use Reaffirm faithfully for fifteen treatments and see what a beautiful difference it can make. \$5.00
