

Set Camping Programs For Girl Scouts in Area

Some 13,000 Southern Oakland Girl Scouts have the opportunity to select their summer camp preferences before April 1. Two kinds of programs are offered—day camping and established camping.

More day camping for more girls at a more appropriate fee is available at eight new day camps held on seven "in-town" sites, such as public parks, school property and private property. Each camp will serve primarily those girls living within the designated geographical area.

Camp Mohican, in Southfield Park, in session Aug. 4-14 from 9 a.m. to 3 p.m., will serve campers from Beverly Hills, Birmingham and Bloomfield Hills (west of Woodward), Franklin Village, Walnut Lake and Bingham Farms.

Six units each with 24 campers are scheduled.

CAMP SENECA, located on two square miles of the Chrysler property at the corner of Coolidge and S. Long Lake roads, in session July 21-31, will serve campers from Troy, Clawson, Birmingham and Bloomfield Hills (east of Woodward).

Six units with 20 campers are planned. Mrs. Harold Handley, 1594 Penitence, Birmingham, camp director, plans a nature oriented program studying life along the small branch of the Rouge River which runs through the camp site.

Volunteer counselors are being recruited for both sessions. Interested persons may phone Mrs. Schafer, GR 4-8621, or Mrs. Handley, MI 4-1420. Training sessions will be held May 18 and 20 at the Unitarian Church, Lone Pine at Woodward, and on May 27 at the camp site, 9:30 a.m. to 2:30 p.m.

Nursery supervision of counselors' children will be provided at the training sessions as well as at the day camps.

September, 1964, can participate in established camping at Camp Narrin near Ortonville. Camp Narrin offers beginning to advanced camping programs in four 2-week sessions and special programs for experienced campers.

A new 5-day, 50-mile bicycling trip over the back roads of the Holly, Ortonville and Metamora Recreation areas is scheduled for August.

An 8-10 day back-packing trip in the Porcupine Mountains of the Upper Peninsula starts the end of July.

Young People Stage Dance At B'ham Y

Birmingham's "forgotten age" residents will treat themselves to a party and dance tomorrow night at the YMCA on E. Lincoln.

All in attendance will be single and between the ages of 18 and 25. An off-shoot of the Newcomers Club, the group was organized about a year ago in an effort to get new young people moving into town acquainted with one another.

A steering committee headed by Joan Springer, 20, Robert Thomas, 22, Neil Martin, 19, and Robert Hammerstein, 19, have been working on the dance for several weeks.

"WE'RE TRYING to provide a place where people in our age bracket will have a place to go and not get into trouble," Joan said.

The group had originally planned to meet in various members home but has gotten too large to continue this procedure.

Marching Against MD

Congressman William S. Broomfield of the 18th District, accepts the honorary chairmanship of the Oakland County Muscular Dystrophy drive from Mrs. Helen C. Moore (right), field representative and campaign coordinator, and Mrs. Milton Mackler, 463

Hanna, Birmingham campaign manager. Broomfield will head a field of more than 5,000 volunteers who will march against MD in Oakland County from May 15 through June 15.

a possible presidential nominee, he said he thought it was good for Michigan.

"I wish," said the man who was a presidential primary candidate himself four years ago, "that I had thought of that in 1960." Humphrey said he sat across from the late President John F. Kennedy and Vice President Lyndon B. Johnson three years ago at bi-weekly morning sessions planning the Kennedy-Johnson program.

"I saw how it was worked out. Lyndon Johnson was there and he helped design that program, working as a partner. I speak of the Kennedy-Johnson program today as a political fact."

REFERRING TO the shortage of business executives as Democratic Party functions, Humphrey said, "I am getting sick and tired of hearing businessmen talk about the Democratic Party as if we were their enemies.

"No one has done for free enterprise what the Democratic administration of Kennedy and Johnson has done in the last three years. When I read that GM plans expansion, I know it's because America is moving again.

"Because the tax credit that gave special consideration for modernization of plants has been working—because in this last month Congress passed a tax measure giving \$11½ billion to be pumped into streams of commerce in America—that's why the auto workers will have jobs."

HUMPHREY BACKED the Johnson war on poverty, saying, "A government that deserves respect and support is not one that gives more to those who already have too much, but one that provides enough for those who already have too little."

Schools May Extend Day by 20 Minutes

The Birmingham Board of Education is considering the possibility of lengthening the school day beginning in September.

A proposal that would add 20 minutes to the elementary school day and 15 minutes to the secondary school day was presented to the board Tuesday night by the administration.

The board is expected to act on the proposal at the April 28 meeting.

Because of the introduction of foreign language into the elementary program administration officials believe the day must be made longer.

THE 15-MINUTE increase on the secondary level is sought primarily to solve a transportation problem. The secondary increase will not affect the length of instructional periods.

The administration recommends that five minutes be added to the home room period in the morning and 10 minutes may be added to the noon hour or at the end of the day in the secondary day.

On the elementary level the 20 minutes could be put into effect in two ways.

Schools that have bus transportation could begin 10 minutes earlier and dismissed 10 minutes later. No change would be necessary in the articulate senator saved the civil rights issue for last, with an emotion-filled promise that he and other Senate supporters of the civil rights bill will "stay in session until we win this struggle."

"We intend to pass it," he said, "as a commitment of conscience for the American people."

the noon hour. Schools that do not have bus transportation may adjust schedules in order to pick up the additional 20 minutes. This could mean that these schools would start five minutes earlier in the morning, the noon hour cut by 10 minutes and dismissed 5 minutes later in the afternoon.

In board action Tuesday night a new policy was adopted governing the admission of foreign students.

The great increase in the number of foreign students coming into the Birmingham schools had created a number of administrative problems.

Under the new policy the schools must be notified at least one month in advance of enrollment of a foreign student. The board also set a limit on the number of foreign students that may attend a single school.

Five such students may be enrolled in a single high school, two in each junior high and one in each elementary building.

The board also approved the calendar for the 1964-65 school year. Classes will begin on Sept. 10 and run through Jan. 29 for the first semester.

Bingham Farms Alters Charge On Assessments

BINGHAM FARMS—The council held a public hearing and its regular monthly meeting Monday night to effect changes in assessment charges for the Evergreen Interceptor Sewer program.

No one objected to having the charge of \$3.65 per unit for 30 years changed to \$9 per unit for 10 years.

On platted properties each lot is a unit. On unplatted places 1.6 acres constitutes a unit.

Property owners will have the option of paying \$90 per unit at the time the payment is due and thus complete the entire obligation. A new assessment roll was confirmed.

A PUBLIC HEARING is set for April 6, at 9 p.m. at Outland's Stables, 14 Mile Road, for the proposed amendment to the zoning ordinance.

The proposed amendment includes the addition of a classification for commercial (C-1) and (C-2). The area affected is the north and south sides of 13 Mile at Telegraph and the eastern corner of 14 Mile Road.

Signs and permits are also included.

Areas of responsibility for the new council were assigned with William Hyland elected to serve as president pro-tem.

Oooooh... they're so pretty, they must be Miss Sandler

Shown are but two from a selection of many. Lovely patents and downy-soft kidskins are here in abundance. Lots of color, too! If you are a particular mother, remember we are old hands at fitting young feet!

Ethan Allen Antiqued Pine Dining Rooms

Charmingly Informal and Warm

Here's the all-new collection of Antiqued Pine Furniture by Ethan Allen. This is festive, homey, open-hearth furniture—authentic in every detail... so rich... so warm... so durable! The antiqued pine finish is skillfully darkened and hand-distressed to achieve the warm, "aged" look of early America. The rugged beauty of each piece is enhanced by the extra-thick planked tops and the careful detailing of decorative carvings and moldings. Just one grouping from our big collection of open stock Ethan Allen furniture in maple, pine, cherry and mahogany.
