

Franklin Gives For Improvement Of Village Green

FRANKLIN — Activity on the Franklin Community Association property near the village green is the result of donations of services and equipment by local residents. Horse-jumping fences are being installed as a gift of Robert Cornille, providing additional recreation features to the center to be used by the entire community this summer.

Needed drainage ditches are being provided as a gift from Thomas Barnes, contractor. ELECTRICAL WORK to provide night lighting is also being installed as a contribution of an anonymous donor. "At this rate the improved recreation area will be ready in time for the whole community to use," said Association President George Howard. "If anyone is interested in making a contribution of services or equipment, we'll be glad to hear from them."
