

### Designers Choosing Tinges of Yellow in Colors for Clients

Most of the colors being specified by today's top designers are warm and tinged with yellow.

gold, olive, avocado, bronze in the green family and a brownish green called beeen. Browns are more golden.

Spanish reds are favored. They include paprika, chili and tile red. Inky indigo blue, popular in Colonial times, now is frequently being used with Early American settings.

Choice includes curry, mustard,

### Office Training Leads to Good Jobs for MATURE WOMEN

MID-TERM OPENING APRIL 27  
(Day School and Evening Division)

Mature women are now finding good jobs and high salaries in the business world.

A shortage of well-trained office employees has shown bosses that the mature woman's experience is a real asset. She now is eagerly sought.

If you are such a woman, you can learn business skills—or brush up former skills—with a quick course here.

The cost is low. Instructors

are experienced and understanding. You will soon have the abilities and confidence you need for an office position.

Thousands of mature women have entered office work recently. You, too, can do it, with our training and the help of our placement service.

Phone our office for more facts. We will be happy to discuss your opportunity in office work.

### Toboggan Run Causes Suit Against City

BEVERLY HILLS—A Circuit Court suit has been brought against the village by Mr. and Mrs. Emrys Davies, 18734 Chelton Drive. It was lodged April 1.

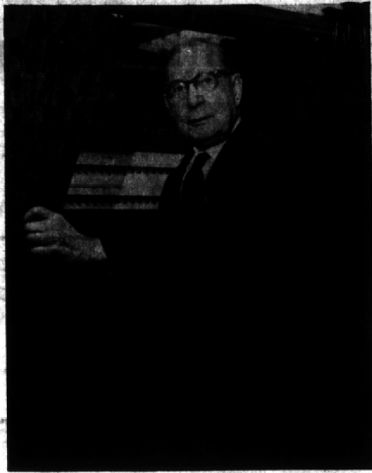

Mr. and Mrs. Davies say that their view is obstructed by the toboggan run being built in Southfield Park and that they fear the children will run through their property.

A temporary injunction is in effect to stop the trucks from bringing dirt to build the run. A hearing will be held Monday to decide if the injunction will continue.

IN OTHER BUSINESS discussed at the meeting, Councilman Hugh C. Allerton Jr. requested that the council back up a group of residents in the South Berkeish Civic Association who are objecting to I-4 houses to be constructed in the City of Southfield adjacent to their homes.

The houses would be 9,000 square feet on 70-foot lots on a 60-acre tract of land known as Kenoway Meadows.

The council voted to inform the City of Southfield before its meeting Monday that it "views" with alarm" this proposition and would hope these lots could be platted and zoned to permit houses more in keeping with the existing development.

### A Visitor to the Polls

An early visitor to the polls in Birmingham Monday was former Municipal Judge John J. Gaffil, 651 Frank. Judge Gaffil, 87, has voted in almost every Birmingham election since its incorporation as a city in 1933. Rev. David Thornberry, 95, of 488 Southfield, had planned to vote, but Friday he fell and broke his hip and is confined to St. Joseph's Hospital, Pontiac.

### Eye Extension Of Sewer Arm In W. B'field

WEST BLOOMFIELD — The township board at its meeting last week authorized Supervisor John Rehard to secure engineering and cost data on the extension of the east branch of the 19 Mile sewer arm of the Farmington Interceptor.

The extension of the arm was requested by real estate developer Irwin Buchalter. He will be asked to submit a formal written request to the township for the improvement.

THE BOARD refused acceptance of the water system of Old Maple Farms until an agreement of cost allocation can be worked out private Farms subdivision and adjoining land owners to the west who could subsequently tie into the water system.

The possibility of empowering the fire department subcommittee

of the board as a fire commission was discussed. A decision was delayed until the township attorney could give his opinion as to whether commission status was needed by the committee to carry out the improvement program envisioned by the committee.

The board approved purchase of two police-equipped cars. Low bid was submitted by Shuman Ford Co.

Sante Fe, New Mexico, is the site of the oldest existing government building in the United States. The city's ancient Palace of Governors was a busy social and civic center many years before the Pilgrims landed at Plymouth Rock.

Enthusiasm for the game of golf reached such heights in Scotland in the fifteen century that the government temporarily outlawed it. Authorities were fearful that it might seriously threaten the practice of archery, which at that time was important for national defense.

### Editor Set As Speaker At Oakland

Norman Cousins, internationally known lecturer, political analyst and editor of the Saturday Review of Literature, will be the principal speaker at Oakland University, Rochester at 8 p.m. April 21.

The meeting is cosponsored by the Rochester area and Oakland County Chapters of the American Association for the United Nations.

Cousins has visited and lectured in the Soviet Union under the Soviet Cultural Exchange Program.

AS AN interpreter and analyst

of history in the making. Cousins has made numerous trips abroad since the end of World War II. He has represented not only the Saturday Review but the major broad-

**VD CAN BE WIPE OUT...** but it will take an enlightened, determined public to fight the increase in venereal diseases today. In 1962, almost 400 thousand men, women and children—yes, children—were known to be infected with venereal disease. Unfortunately these were only the known cases. VD can be wiped out. Treatment is quick, effective and confidential... if the disease is treated early. VD can kill... but it need not! Visit with your family pharmacist for additional information on venereal disease.
