Let's talk about the advantages of shopping

... at Osmun's

- We've been taking a poll. Nothing scientific, mind you. Just some questions we asked to find out why Osmun's customers keep coming back after the first sale. The answers, we think, speak for themselves.
1. "I don't feel like a 'Customer' here. Everybody is very helpful,—but they're not pushy."
 2. "High quality of the clothing . . . so many famous brands that I know whenever I buy a suit it's going to fit right."
 3. "It's very convenient having more than one charge plan to choose from."
 4. "You feel very flattered when somebody offers to sew on a button or touch up the press on your trousers just to help out."
 5. . . . I mean it helps to get advance notice of important sales before they're announced in the newspaper. Those extra few days give me the best selection."
- These (and other) comments make us feel very happy because they reflect the kind of thinking that has made Osmun's your store.
- Is our poll accurate?
It ought to be. It's been going on for over 30 years.
