SPORTS FANS!

I BET YOU DIDN'T KNOW

By Dick Turner

Do you know how Casey Stengel got his nickname? When Stengel first entered baseball, he told his teammates that he was from Kansas City, and they began calling him "K.C." or "Casey" after the initials of Kansas City. . . And, needless to say, that name has stuck ever since and become one of the most famous nicknames in baseball history.

Most weekend golfers have trouble on various holes and get bad scores, but did you ever wonder what was the worst score ever made by a professional on one hole in a tournament? . . . The record is held by Tommy Armour. . . In the 1927 Shawnee Open, he took a 21 on one hole. . . Armour had better luck that same year, however, because he won the National Open that season. . . It proves how inconsistent golfers can be—both the weekend golfer, and the pros.

If there had never been a Babe Ruth, who would be the all-time home run champion in baseball for most homers in a lifetime? . . . The answer is Jimmy Fox. . . Fox hit 534 homers in his career. . . No one, except Ruth, ever hit more.

I bet you didn't know. . . That orders for the fabulous Mustang have exceeded all expectations. To assure your family of having one for summer driving, stop in and place your order now.
